Where Is Lungile In Plk:

Inclusion in Southern African Education Dipane Hlalele, Tsediso Michael Makoelle, 2023-10-18 This book reflects on more than two decades of adoption practices of inclusive education policy in Southern Africa. It is aimed at taking stock of the successes, challenges, and achievements during this journey of making education inclusive and equitable. It responds to the educational needs of learners at all levels regardless of their diverse needs such as disability, gender, socio-economic status, race, ethnicity, and language background. This book furthers the understanding and conceptualization of the notion of inclusion in education and explores the challenges experienced during the operationalization and implementation of the process. It extends debates spawned by international and national policy mandates that sought to transcend exclusionary educational practices in order to realize inclusive societies and by implication inclusive classrooms. It offers a comprehensive conceptual framework for inclusive education in the Southern African context while drawing parallels from the regional and international experience. This book can be used as a reference or critical reading for scholars and researchers in the field of inclusive education. It will empower practitioners, administrators, teachers, and school leaders, curriculum developers, and planners as well as policy makers with knowledge about theory and practice regarding inclusive education in the Southern African schooling system.

The Zuma Years Richard Calland, 2013-08-16 The face of power in South Africa is rapidly changing for better and for worse. The years since Thabo Mbeki was swept aside by Jacob Zuma's coalition of the wounded have been especially tumultuous with the rise and fall of populist politicians such as Julius Malema, the terrible events at Marikana, and the embarrassing Guptagate scandal. What lies behind these developments? How does the Zuma presidency exercise its power? Who makes our foreign policy? What goes on in cabinet meetings? What is the state of play in the Alliance? Is the SACP really more powerful than before? And as the landscape shifts, what are the opposition's prospects? In *The Zuma Years*, Richard Calland attempts to answer these questions and more by holding up a mirror to the new establishment by exploring how people such as Malema, Chief Justice Mogoeng Mogoeng, and DA parliamentary leader Lindiwe Mazibuko have risen so fast by examining key drivers of transformation in South Africa such as the professions and the universities and by training a spotlight on the toxic mix of money and politics. *The Zuma Years* is a fly on the wall insider's approach to the people who control the power that affects us all. It takes you along the corridors of government and corporate power, mixing solid research with vivid anecdote and interviews with key players. The result is an accessible yet authoritative account of who runs South Africa and how today.
