

# Attention from UFO 'unreal'

By LaRue Hardinger  
Staff Writer

FYFFE — Fyffe Police Chief Junior Garmany and assistant chief Fred Works, who 11 days ago got a close-up view of an unexplained, unidentified flying object three miles south of town, said reporters have kept them busy and have prompted some fun-poking that they believe is not really fair.

"This is unreal," Garmany said, producing a stack of telephone messages from reporters in Alabama, Illinois, Oregon, Kansas, Arizona, Maryland, Colorado, California and Ontario, Canada. "This is the first time we've run into anything like this."

Garmany said two earlier UFO sightings by police in the area in 1975 and in 1977 did not elicit a fraction of press coverage as the one that bewildered a score of DeKalb Countians on the night of Feb. 10.

Works, who has good-naturedly tolerated the teasing that followed news reports, said reporters have hounded him since the sighting "first hit the scanner."

Alien Abductions and UFO Sightings 5-Book Bundle Chris A. Rutkowski, 2016-10-31 Astronomer and ufologist Chris A. Rutkowski has spent the past forty years investigating reports of UFOs and other strange phenomena. This collection of his writings about people's experiences with UFOs, alien abductions, and other unexplained events is perfect for enthusiastic fans everywhere and includes startling evidence to make even the biggest skeptics believe. Includes *Abductions and Aliens: What's Really Going On?* Based on almost 25 years of investigation and research, science writer Chris Rutkowski looks critically at abduction stories. *The Canadian UFO Report: The Best Cases Revealed* A popular history of the UFO phenomenon in Canada which has captured the imaginations of young and old alike. *A World of UFOs* UFOs and UFO encounters are truly global phenomena. What are some of the most interesting cases? Which ones seem most mysterious? And what can one of the world's most active UFO researchers and investigators tell us about UFOs from A to Z? Join Chris A. Rutkowski as he takes us on a tour of *A World of UFOs*. *I Saw It Too* *I Saw It Too* is the first collection of stories told by kids to document their UFO sightings. These accounts are real cases of UFOs they've seen or alien creatures they've encountered that were reported to government or military officials, UFO investigators, and journalists. *The Big Book of UFOs* *The Big Book of UFOs* is a compendium of his best and most disturbing UFO stories for enthusiastic fans everywhere with startling evidence to make even the biggest skeptics believe. The renowned ufologist takes us on a tour of UFOs in Canada and around the world. He has studied UFOs, aliens, abductions, and even encounters reported by kids. *The Canadian UFO Report* Chris A. Rutkowski, Geoff Dittman, 2008-07-03 *The Canadian UFO Reports* is a popular history of the UFO phenomenon in Canada, something that has captured the imaginations of young and old alike. Drawn from government documents and civilian case files, many previously unpublished, the book includes a chronological overview of the best Canadian UFO cases from the very first sighting of fiery serpents over Montreal in 1662 to reports from the past year. There are chapters on the government's involvement with UFOs, UFO landing pads, media interest, and even UFO abductions. What were the ghost airplanes seen over the Parliament Buildings in 1915 or the flying saucers seen by military officers over Goose Bay Air Force Base, Newfoundland, in the 1940s and 1950s? Was a prospector burned by a UFO in Manitoba in 1967? Did a UFO crash off the coast of Nova Scotia? Was Quebec invaded by UFOs in 1973? Find out here. *The Report on Unidentified Flying Objects (Second Edition)* Edward Ruppelt, 2006 Regardless of whether or not one believes that the study of UFO reports has any merit, it is a simple fact that such reports were studied by various elements of the U.S. government, most notably the Air Force. Those interested in learning more about this remarkable bit of military history will find this reprint of Edward Ruppelt's classic insider examination of early Air Force interest in UFO phenomena an invaluable resource. Captain Edward J. Ruppelt was chief of Project Blue Book from early 1951 until September 1953. This reprint edition is also notable in that it includes the often overlooked additional three chapters added by Ruppelt for the 1960 second edition release. *Montana UFOs and*

Extraterrestrials Joan Bird, 2023-08-03 In 1950 two spinning disks flew over Great Falls Montana and were filmed on a hand held camera Today those flying saucers in the now famous Montana Movie still defy conventional explanation In the 1960s UFOs were reported at Minuteman missile silos in Montana In separate incidents while a UFO was overhead armed and ready nuclear missiles were suddenly deactivated as missile launch officers watched helplessly The U S Air Force ordered these men never to tell anyone what happened This book critically examines these and other UFO events in Montana including reported contact with extraterrestrials Drawing on recently declassified government documents historic reports and first hand interviews Ph D zoologist and author Joan Bird presents compelling evidence that UFOs are real have frequented Montana s Big Sky and have landed in the state This book also introduces readers to significant UFO incidents in the U S to official government investigations such as Project Blue Book and to major figures in the study of UFOs

five videos from 2015 of UFOs operating in the vicinity of the USS Roosevelt nuclear aircraft carrier Powell's later chapters in the book discuss the extraterrestrial hypothesis considering the thousands of exoplanets that have been discovered in the last twenty years Powell challenges the reader to consider all the implications that must be considered if intelligent life discovers us first He looks at how we as individuals and as a society react to UFOs He documents actions taken by our military that include instances when we have fired on UFOs Powell argues that it is time for a change in the study of UFOs The phenomenon has been with us for 75 years and we have learned very little as the decades have passed The author makes the case for what needs to be done going forward The solution he proposes will require a paradigm shift in our thinking and his book provides the information needed to understand that paradigm shift
