Alexander, 1995 During the Progressive Era young

working class women were sometimes jailed for engaging in social and sexual activities that signaled their rejection of Victorian moral standards These disadvantaged delinquents were subject to legal sanctions that were rarely applied to rebellious middle class girls As she traces the history of a social crisis that came to be known as the girl problem Ruth M Alexander reconstructs the stories of individual women incarcerated in reformatories who helped redefine female adolescence in the United States Alexander draws on the rich case files of reformatories at Bedford Hills and Albion New York Bringing together writings by the young inmates letters from their parents and institutional records she follows the

histories of a hundred girls as they run afoul of the law are incarcerated and struggle to reenter society. From the interplay among girls, families, courts, and penal institutions emerges a fascinating picture of class inequality and culture conflict. Alexander finds that most delinquent young women eventually accepted the idea that freedom was best won by conformity and accommodation. In showing how a new social problem was identified and tackled, Alexander also documents the emergence of the modern professions of social work and mental hygiene. Reenacting a key chapter in the transformation of adolescence, *The Girl Problem* contributes to the history of sexuality and social reform through the Progressive Era and beyond.

A Companion to Simone de Beauvoir Laura Hengehold, Nancy Bauer, 2017-10-02. Winner of the 2018 Choice award for Outstanding Academic Title. The work of Simone de Beauvoir has endured and flowered in the last two decades thanks primarily to the lasting influence of *The Second Sex* on the rise of academic discussions of gender, sexuality, and old age. Now in this new Companion dedicated to her life and writings, an international assembly of prominent scholars, essayists, and leading interpreters reflect upon the range of Beauvoir's contribution to philosophy as one of the great authors, thinkers, and public intellectuals of the twentieth century. The Companion examines Beauvoir's rich intellectual life from a variety of angles, including literary, historical, and anthropological perspectives, and situates her in relation to her forbears and contemporaries in the philosophical canon. Essays in each of four thematic sections reveal the breadth and acuity of her insight from the significance of *The Second Sex* and her work on the metaphysics of gender to her plentiful contributions in ethics and political philosophy. Later chapters trace the relationship between Beauvoir's philosophical and literary work and open up her scholarship to global issues, questions of race, and the legacy of colonialism and sexism. The volume concludes by considering her impact on contemporary feminist thought writ large and features pioneering work from a new generation of Beauvoir scholars. Ambitious and unprecedented in scope, *A Companion to Simone de Beauvoir* is an accessible and interdisciplinary resource for students, teachers, and researchers across the humanities and social sciences.

Delusions of Gender Cordelia Fine, 2005-02-01. THE BRILLIANT AND HUGELY INFLUENTIAL BOOK BY THE WINNER OF THE 2017 ROYAL SOCIETY INSIGHT INVESTMENT SCIENCE BOOKS PRIZE. Fun droll yet deeply serious. *New Scientist*: A brilliant feminist critic of the neurosciences. Read her, enjoy, and learn. Hilary Rose: *THE S* A witty and meticulously researched exposé of the sloppy studies that pass for scientific evidence in so many of today's bestselling books on sex differences. Carol Tavris: *TLS* Gender inequalities are increasingly defended by citing hard-wired differences between the male and female brain. That's why we're told there are so few women in science, so few men in the laundry room. Different brains are just suited to different things. With sparkling wit and humour, Cordelia Fine attacks this neurosexism, revealing the mind's remarkable plasticity, the substantial influence of culture on identity, and the malleability of what we consider to be hardwired difference. This modern

classic shows the surprising extent to which boys and girls men and women are made not born

The Perfect Vagina Lindy McDougall, 2021-05-04 In the West a specific ideal for female genitalia has emerged one of absence a clean slit attained through the removal of pubic hair and increasingly through female genital cosmetic surgery known as FGCS In The Perfect Vagina Cosmetic Surgery in the Twenty First Century Lindy McDougall provides an ethnographic account of women who choose FGCS in Australia and the physicians who perform these procedures both in Australia and globally while also examining the environment in which surgeons and women come together Physicians have a vested interest in establishing this surgery as valid medical intervention despite majority medical opinion explicitly acknowledging that a wide range of genital variation is normal McDougall offers a nuanced picture of why and how these procedures are performed and draws parallels between FGCS and anthropological discussions of female genital circumcision cutting Using the neologism biomagical she argues that cosmetic surgery functions as both ritual and sacrifice due to its promise of transformation while simultaneously submitting the body to the risks and pain of surgery thus exposing biomedicine as an increasingly cultural and commercial pursuit The Perfect Vagina highlights the complexities involved with FGCS its role in Western beauty culture and the creation and control of body image in countries where self care is valorized and medicine is increasingly harnessed for enhancement as well as health

Geek Sublime Vikram Chandra, 2014-09-02 The nonfiction debut from the author of the international bestseller Sacred Games about the surprising overlap between writing and computer coding Vikram Chandra has been a computer programmer for almost as long as he has been a novelist In this extraordinary new book his first work of nonfiction he searches for the connections between the worlds of art and technology Coders are obsessed with elegance and style just as writers are but do the words mean the same thing to both Can we ascribe beauty to the craft of writing code Exploring such varied topics as logic gates and literary modernism the machismo of tech geeks the omnipresence of an Indian Mafia in Silicon Valley and the writings of the eleventh century Kashmiri thinker Abhinavagupta Geek Sublime is both an idiosyncratic history of coding and a fascinating meditation on the writer's art Part literary essay part technology story and part memoir it is an engrossing original and heady book of sweeping ideas

Talkin' Up to the White Woman Aileen Moreton-Robinson, 2000 In this accessible and provocative analysis of the whiteness of Australian feminism the author applies academic training and cultural knowledge in revealing the invisible position of power and privilege in feminist practice This is a uniquely Australian contribution to the increasing global discourse on feminism and race

Burn the Ice Kevin Alexander, 2020-07-14 Inspiring Danny Meyer CEO Union Square Hospitality Group Founder Shake Shack and author Setting the Table James Beard Award winning food journalist Kevin Alexander traces an exhilarating golden age in American dining with a new Afterword addressing the devastating consequences of the coronavirus pandemic on the restaurant industry Over the past decade Kevin Alexander saw American dining turned on its head Starting in 2006 the food world underwent a transformation as the established gatekeepers of American culinary creativity in New York City

and the Bay Area were forced to contend with Portland Oregon Its new no holds barred casual fine dining style became a template for other cities and a culinary revolution swept across America Traditional ramen shops opened in Oklahoma City Craft cocktail speakeasies appeared in Boise Poke bowls sprung up in Omaha Entire neighborhoods like Williamsburg in Brooklyn and cities like Austin were suddenly unrecognizable to long term residents their names becoming shorthand for the so called hipster movement At the same time new media companies such as Eater and Serious Eats launched to chronicle and cater to this developing scene transforming nascent star chefs into proper celebrities Emerging culinary television hosts like Anthony Bourdain inspired a generation to use food as the lens for different cultures It seemed for a moment like a glorious belle epoque of eating and drinking in America And then it was over To tell this story Alexander journeys through the travails and triumphs of a number of key chefs bartenders and activists as well as restaurants and neighborhoods whose fortunes were made during this veritable gold rush including Gabriel Rucker an originator of the 2006 Portland restaurant scene Tom Colicchio of Gramercy Tavern and Top Chef fame as well as hugely influential figures such as Andr Prince Jeffries of Prince s Hot Chicken Shack in Nashville and Carolina barbecue pitmaster Rodney Scott He writes with rare energy telling a distinctly American story at once timeless and cutting edge about unbridled creativity and ravenous ambition To burn the ice means to melt down whatever remains in a kitchen s ice machine at the end of the night Or at the bar to melt the ice if someone has broken a glass in the well It is both an end and a beginning It is the firsthand story of a revolution in how Americans eat and drink

Racial Stasis Christopher D. DeSante, Candis Watts Smith, 2020-02-25 Racial progress in the United States has hit a wall and the rise of white nationalism is but one manifestation of this Most Americans continue to hope that the younger generation which many believe manifests less racism and more acceptance of a multiracial society will lead to more moderate racial politics but this may not be happening Overtly racist attitudes have declined but anti black stereotypes and racial resentment remain prevalent among white Americans To add the shape of racial attitudes has continued to evolve but our existing measures have not evolved in step and cannot fully illuminate the challenge at hand With Racial Stasis Christopher D DeSante and Candis Watts Smith argue persuasively that this is because millennials a generational cohort far removed from Jim Crow and the Civil Rights era lack sufficient understanding of the structural nature of racial inequalities in the United States and therefore also the contextual and historical knowledge to be actively anti racist While these younger whites may be open to the idea of interracial marriage or living next to a family of a different race they often do not understand why policies like affirmative action still need to exist and are weary about supporting these kinds of policies In short although millennials language and rationale around race racism and racial inequalities are different from previous generations the end result is the same

Interracial Intimacies Randall Kennedy, 2012-09-12 With the same piercing intelligence as the bestselling Say it Loud Interracial Intimacies hits a nerve at the center of American society race relations and our most intimate ties to each other The best book written on the subject an exhaustive source of deep rich scholarship

and surefooted brilliant analysis Seattle Times Analyzing the tremendous changes in the history of America's racial dynamics Randall Kennedy challenges us to examine how prejudices and biases still fuel fears and inform our sexual marital and family choices He takes us from the injustices of the slave era up to present day battles over race matching adoption policies which seek to pair children with adults of the same race He tackles such subjects as the presence of sex in racial politics the historic role of legal institutions in policing racial boundaries and the real and imagined pleasures that have attended interracial intimacy A bracing much needed look at the way we have lived in the past Interracial Intimacies is also a hopeful book offering a potent vision of our future as a multiracial democracy **Routledge Library Editions: Education**

Dave Eggers It's a piece of garbage Donald Trump **Dropping Anchor, Setting Sail** Jacqueline Nassy Brown,2009-01-10 The port city of Liverpool England is home to one of the oldest Black communities in Britain Its members proudly date their history back at least as far as the nineteenth century with the global wanderings and eventual settlement of colonial African seamen Jacqueline Nassy Brown analyzes how this worldly origin story supports an avowedly local Black politic and identity a theme that becomes a window onto British politics of race place and nation and Liverpool's own contentious origin story as a gloriously cosmopolitan port of world historical import that was nonetheless central to British slave trading and imperialism

This ethnography also examines the rise and consequent dilemmas of Black identity. It captures the contradictions of diaspora in postcolonial Liverpool where African and Afro Caribbean heritages and transnational linkages with Black America both contribute to and compete with the local as a basis for authentic racial identity. Crisscrossing historical periods, rhetorical modes and academic genres, the book focuses singularly on place, enabling its most radical move: its analysis of Black racial politics as enactments of English cultural premises. The insistent focus on English culture implies a further twist. Just as Blacks are racialized through appeals to their assumed Afro Caribbean and African cultures, so too has Liverpool, an Irish working class city whose expansive port faces the world beyond Britain, long been beyond the pale of dominant notions of authentic Englishness. **Dropping Anchor, Setting Sail** studies race through clashing constructions of Liverpool. **Matria**

Redux Tegan Zimmerman, 2023-06-23. In *Matria Redux: Caribbean Women Novelize the Past*, author Tegan Zimmerman contends that there is a need for reading Caribbean women's texts relationally. This comprehensive study argues that the writer's turn to maternal histories constitutes the definitive feature of this transcultural and transnational genre. Through an array of Caribbean women's historical novels published roughly between 1980 and 2010, this book formulates the theory of *matria*, an imagined maternal space and time as a postcolonial psychoanalytic feminist framework for reading fictions of maternal history written by and about Caribbean women. Tracing the development of the historical novel in four periods of the Caribbean past: slavery, colonialism, revolution, and decolonization, this study argues that a pan Caribbean generation of women writers of varying discursive racialized realities has depicted similar *matria* constructs and maternal motifs. A politicized concept, *matria* functions in the historical novel as a counternarrative to traditional historical and literary discourses. Through close readings of the mother-daughter plots in contemporary Caribbean women's historical fiction, such as Andrea Levy's *The Long Song*, Edwidge Danticat's *The Farming of Bones*, Paule Marshall's *Praisesong for the Widow*, and Marie Elena John's *Unburnable*, *Matria Redux* considers the concept of *matria* an important vehicle for postcolonial psychoanalytic feminist literary resistance and political intervention. *Matria* as a psychoanalytic postcolonial strategy therefore envisions, by returning to history, alternative feminist fictions, futures, and Caribbeans. **Walking the Dog**

Elizabeth Swados, 2016-05-16. A brilliant and layered novel about a prodigy turned convict turned dog walker in her 40s from the celebrated author of *My Depression*. A Picture Book. Oprah.com. A former child prodigy and rich girl, eighteen-year-old Ester is incarcerated after her kleptomania gets away out of hand. There, she is given the very genteel name Carleen for her own protection, and for two decades, time is the enemy. When finally let loose onto the streets of New York, Carleen finds a job as a dog walker in Manhattan's most elite neighborhoods. But despite her remarkable gift for canine communication, Carleen is determined to finally prove that she is a real person. To this end, she tries to reconnect with her estranged and ferociously Orthodox daughter. Amid the strained brunch dates, unsent letters, and the continuing trauma of prison, Carleen begins a slow and halting process of self-discovery. Strikingly funny and self-aware, this belated coming-of-age novel asks the question: How

do you restart after crashing your first chance at life
