

Who am I?

People call me by different names – some call me an introvert, others call me sweet, yet others call me short-tempered while some say that I am full of attitude. Well, people have the habit of tagging others. They are quick to judge and label others. I believe that it is wrong to label anyone. We are humans experiencing numerous emotions during the day. I also have experienced a mix of different emotions every day. It would be wrong to call me by any of the aforementioned names. Moreover, I dream of living independently in terms of financially and emotionally in the future.

I am a chill person who loves enjoying life. I do not like to interfere in the lives of my relatives, neighbors, or others around me and expect the same from them. I want them to mind their own business rather than poking their noses in my tasks. People often mistake this bracing nature of mine as being arrogant and rude. They feel that I have an attitude problem and think of myself as superior to them. However, this is not true. Though I don't want people to poke or bother me, I am always ready to help. I don't hesitate to go out of my way to lend a helping hand to people if they genuinely need it.

I am self-disciplined. I wake up each morning and prepare a to-do list. I want the tasks done in the same sequence and within the time frame, I have set for myself, and do my best to accomplish the same. Not being able to accomplish these tasks on time can leave me dissatisfied and make me frustrated. I have always been a topper in my class and want to continue the trend even as I take on higher challenges in life. I read many books other than my textbooks. Reading horror and detective storybooks is what I like which helps me to relieve stress.

In conclusion, my friends often call me a unique combination of a brace, carefree, and disciplined. I am blessed to have a supportive

Who Am I Essay:

Who Am I to Judge? Mark Tushnet, 2025-02-25 A leading legal scholar asks a fundamental question Do we need a theory of constitutional interpretation Do we need a theory of constitutional interpretation It is a common argument among originalists that however objectionable you may find their theory at least they have one whereas their opponents do not have any theory at all But as Mark Tushnet argues for most of the Supreme Court's history including some of its most exceptional periods the Court operated without a theory In this book Tushnet shows us what a constitutional theory actually is what judges need from it and why they probably can't get what they need and the great harm that results when judges allow theory to dictate bad policy It is not theory that matters Tushnet argues The vitally important indispensable quality in a judge is good judgment
