A History of the Grandparents I Never Had Ivan Jablonka, 2023-05-25 A French historian chronicles his meticulous efforts to document the lives of his Polish Jewish grandparents who were killed in the Holocaust Ivan Jablonka's grandparents lives ended long before his began although Mat's and Idesa Jablonka were his family they were perfect strangers When he set out to uncover their story Jablonka had little to work with Neither of them was the least bit famous and they left little behind except their two orphaned children a handful of letters and a passport Persecuted as communists in Poland as refugees in France and then as Jews under the Vichy regime Mat's and Idesa lived their short lives underground They were overcome by the tragedies of the twentieth century Stalinism the mounting dangers in Europe during the 1930s World War II and the destruction of European

Jews Jablonka's challenge was as a historian to rigorously distance himself and yet as family to invest himself completely in their story. Imagined oppositions collapsed between scholarly research and personal commitment between established facts and the passion of the one recording them between history and the art of storytelling. To write this book Jablonka traveled to three continents met the handful of survivors of his grandparents' era, their descendants and some of his far-flung cousins and investigated twenty different archives. And in the process he reflected on his own family and his responsibilities to his father, the orphaned son, and to his own children and the family wounds they all inherited. *A History of the Grandparents I Never Had* cannot bring Mat's and Idesa to life but Jablonka succeeds in bringing them as he soberly puts it to light. The result is a gripping story, a profound reflection and an extraordinary history. Praise for *A History of the Grandparents I Never Had*: A deeply moving, poignant and sad book but one also filled with hope, light and inspiration. Jewish Book Council. Ivan Jablonka is a tremendous writer, compassionate and searching, intimate and ambitious and *A History of the Grandparents I Never Had* is a painstakingly researched and profoundly heartfelt book that teaches us new and necessary things about family history and the extraordinary power of storytelling. It's one of the most beautiful books I've read in years. Molly Antopol, author of *The UnAmericans*. An extraordinary book at once a breathtaking work of historical investigation and a deeply personal meditation on the possibilities and limits of historical knowledge. By uncovering the traces left behind by people who literally vanished into thin air, Ivan Jablonka sheds new light on the Holocaust as well as on our own desire to grasp what cannot be grasped. A beautifully produced and exquisitely translated edition of French poems by the best exponent of the poetry of introversion and metaphorical delirium. Italo Calvino: *The Galloping Hour*. French poems never before rendered in English and unpublished during her lifetime. It gathers for the first time all the poems that Alejandra Pizarnik revered by Octavio Paz and Roberto Bolaño wrote in French. Conceived during her Paris sojourn 1960-1964 and in Buenos Aires 1970-1971, near the end of her tragically short life, these poems explore many of Pizarnik's deepest obsessions: the limitation of language, silence, the body, night, sex and the nature of intimacy. Drawing from personal life experiences and echoing readings of some of her beloved, accursed French authors: Charles Baudelaire, Germain Nouveau, Arthur Rimbaud and Antonin Artaud, this collection includes prose poems that Pizarnik would later translate into Spanish. Pizarnik's work led Raúl Zurita to note: Her poetry with a clarity that becomes piercing illuminates the abysses of emotional sensitivity, desire and absence. It presses against our lives and touches the most exposed, fragile and numb parts of humanity. **The Dublin Review** Nicholas Patrick Wiseman, 1840.
