of the Bison Glen R. Stott, 2002-08-13 As the lambent light from the slumbering fire dances across the roof of the cave a young girl wakes from a dream Kec's dream tells her that her clan is in jeopardy and that Mother Earth expects her to do something to save her people A magic child will be sent to help her Far away Strong Branch a powerful Shaman of his people has his own dream The Great Spirit sends him a warning about a future of conflict and killing Kec's people are very simple but they are strong and powerful enough to have survived the ice ages of Pleistocene Europe by force for over one hundred thousand years Strong Branch's people are late comers from an alien world far to the South They bring an advanced technology that allows them to utilize the environment in ways Kec's people never could As the population of the aliens has grown over a period of more than twenty thousand years the stress on the environment has become critical Kec and Strong Branch must play their parts in a microcosm of the greater struggle for survival The conclusion of their struggle will establish a new story and a new history for each of their peoples

Making Sense of Sports Ellis Cashmore, 2002-01-04 Sports are more important than ever socially economically and culturally As well as embodying cherished values and ideals sports now reflect many of the worries of wider society Drugs racism corruption and violence are all now major concerns and our experience of sport is increasingly subject to a gigantic industry made up of owners players sports goods manufacturers television networks and corporate sponsors In this newly expanded edition of Making Sense of Sports Cashmore addresses all these issues as well as the more basic questions about the history of sports its social context and possible future development Among the new editions other themes are the body how it works and why it is more cultural than natural why women continue to be devalued and depreciated by sports Nike globalization and the sports industry art and how it reflects changing conceptions of sports

Creation and Double Chaos Sjoerd Lieuwe Bonting, 2004-12-01 Scientist and theologian Sjoerd Bonting offers a new overarching framework for thinking about issues in religion and science He looks at the creation controversy itself including biblical perspectives traditional doctrines and the particular potential contribution of chaos theory Finally Bonting extends this perspective a combination of chaos theory and chaos theology he calls double chaos into a framework that addresses traditional questions about evil divine agency soteriology the understanding of disease possible extraterrestrial life and the future

The Paradox Men Charles L. Harness, 2015-07-30 Set after the Third Great War North and South America are united into one country Imperial America A slave state run by a small noble elite

who flaunt their wealth by using and abusing the one commodity that only the rich can have human labour But working underground persecuted by the police is an organization dedicated to the overthrow of government and the existing way of life and the establishment of freedom The Society of Thieves was the only organization that flouted authority in America Imperial they robbed the rich to buy freedom for the slaves They were well equipped and trained for their job and had friends and informers in high places ready to reveal where the wealth of the nobles was hidden And Alar was the best Thief of them all for he had senses not found in ordinary men senses that accurately warned him when danger was near But Alar had amnesia and did not know his true identity though sometimes he sensed that there was a purpose in his actions that was not entirely his own volition When Keiris wife of the Imperial Chancellor saw him she sensed that he was something special and helped him to elude pursuit even though it put her own life in danger And in trips to the Moon and even the Sun itself Alar begins to see what part he is destined to play in the struggle for men s freedom *In the Beginning* Jaime Reyes,2018-04-27

It is 65 000 BC and Neanderthals believe in spirit gods Og is an ancient exceptionally intelligent Neanderthal As he sits in his cave sheltered from the vicious storm that rages outside he knows there must be a better way to survive Now all he has to do is convince his tribal troupe that he has the answers to their fears and apprehensions After he convinces Chief Olo that he can appease the spirit gods and end the storm by performing a ritual he learned from his father Og puts on a colorful show with rattles bones and face paint When the storm subsides and it becomes evident that Og displays some power over the elements he begins to receive respect from most tribal membersexcept the insecure chief who is threatened by him But when Og saves the chiefs life he makes way for Og to become the tribes first fully anointed priest and create a legend whose idea of persuasive idolization will spread throughout the old and new world and carry on into the future In the Beginning shares the compelling tale of a Neanderthal mans journey as he becomes spiritual leader of his clan and passes his knowledge on to his descendants so they can continue to benefit *The Oxford English Dictionary* ,1989 In addition to current definitions provides an historical treatment to words and idioms included To Be Human Neal Monroe Griffith,2012-12-08 During the years before the glacial maximum of the last major ice age areas of southern Europe were inhabited by both Neandertals and more advanced people often referred to as Cro Magnon Neandertal were short stocky people heavily muscled adapted for living in cold climates They were intelligent and adaptable as their brains were larger than their homo sapiens counterparts The Cro Magnons were more technically advanced than their Neandertal brethren They were taller slimmer and better suited for warmer climates However their intellect and superior technology allowed them to succeed even when the environmental conditions became progressively harsher As the ice continued to encroach on their hunting grounds the Cro Magnons were forced to move into new areas some of which were already inhabited by the Neandertals This meant unequivocal contact between the two species of humans The account in this book describes how that contact may have played out *Envisioning Nature, Science, and Religion* James D.
