entire generation Losing Noll said on his first day on the job has nothing to do with geography Through his calm confident leadership of the Steelers and the success they achieved the people of Pittsburgh came to believe that winning was possible and their recovery of confidence owed a lot to the Steeler s new coach The famous urban renaissance that followed can only be understood by grasping what Noll and his team meant to the people of the city The man Pittsburghers could never fully know helped them see themselves better Chuck Noll His Life s Work tells the story of a private man in a very public job It explores the family ties that built his character the challenges that defined his course and the love story that shaped his life By understanding the man himself we can at last clearly see Noll s profound influence on the city players coaches and game he loved They are all in a real sense heirs to the football team Chuck Noll built **The Oil and Gas Journal** ,1921
