Oceanographic Fleet Operating Schedules for ... ,1983 Behind the Wire: The Road to Oflag VIIIB Eichstätt Paul
Johnson,2025-02-28 Diaries and letters from service personnel who were held captive throughout the Second World War
survive in quite large numbers but rarely are they so detailed as those of John Blomfield Dixon whose home was in the
Hertfordshire town of Ware Having joined the Territorial Army in 1938 he soon found himself hurried through officer training
and with the outbreak of the Second World War being commissioned as a subaltern attached to the East Riding Yeomanry
Following his death in 2013 his family were bequeathed a series of scrapbooks folders maps photographs and documents
along with a small pile of well worn booklets revealing his voracious appetite in describing his training life and death during
the retreat to Dunkirk his humiliating capture by the enemy at the culmination of the Battle of Cassel and the long arduous
journey through a series of Offizierslagers which would ultimately lead him to Oflag VIIIB which was located in the Bavarian
town of Eichst tt Complimented by a series of annotated photographs some of which have not been seen before this book
provides an insight to the long tedious days miserable food shortages his thoughts for home the woman he desperately loved
his hatred for both captors and captives the killing of his comrades both on and off the battlefield the tireless efforts and
disasters of escape and his passion for the theatrical life which was borne out on dusty prison camp stages all of which
provide a picture of his experiences and emotions His views and opinions on the wild and inaccurate rumours as well as
propaganda relayed through both the German and Allied press paint an oft distorted picture of the war s progression at that
time The Normandy landings in June 1944 brought a sudden realisation that freedom may soon become a reality However the
frustration and anxiety of anticipated release culminate in a terrible disaster at the very moment liberty appears upon the
horizon This was on 14 April 1945 when the prisoners were machine gunned by U S aircraft as they moved to Moosburg
Fifteen were killed and a further forty one were wounded Liberation too brings its own frustrations borne out in the final
diary entries and supplemented by a post war summary of his long journey home Combined with a narrative lifted from both
official records of the period and the recollections of men who served or were imprisoned with him the carefully selected
entries not only provide one of the most detailed pictures of life at Oflag VIIIB but also serve to memorialise the service of
