Soul Hunter Episode Guide:

An Analytical Guide to Television's Battlestar Galactica John Kenneth Muir, 2015-09-15 When the space drama Battlestar Galactica debuted on ABC in 1978 it was expected to be the most popular new program of the year. Instead it was attacked as a Star Wars rip off and canceled after a mere 17 stories. The author acknowledges the show was full of dramatic clichés and scientific inaccuracies but despite these shortcomings Battlestar Galactica was a dramatically resonant series full of unique and individual characters such as Commander Adama, Lorne Greene, and ace warrior Captain Apollo. Richard Hatch. The author contends that Battlestar Galactica was a memorable attempt to make science fiction accessible to mainstream television audiences. The brilliant work of artist John Dykstra brought a new world of special effects to network television. Battlestar Galactica also skillfully exploited legends and names from both the Bible and ancient mythology which added a layer of depth and maturity to the weekly drama.
