The Challenge of Grand Strategy Jeffrey W. Taliaferro, Norrin M. Ripsman, Steven E. Lobell, 2012-08-06 The years between the World Wars represent an era of broken balances the retreat of the United States from global geopolitics the weakening of Great Britain and France Russian isolation

following the 1917 Bolshevik Revolution the resurgence of German power in Europe and the rise of Japan in East Asia All these factors complicated great power politics This book brings together historians and political scientists to revisit the conventional wisdom on the grand strategies pursued between the World Wars drawing on theoretical innovations and new primary sources The contributors suggest that all the great powers pursued policies that while in retrospect suboptimal represented conscious rational attempts to secure their national interests under conditions of extreme uncertainty and intense domestic and international political economic and strategic constraints Atomic Tunes Tim Smolko,Joanna Smolko,2021-05-11 What is the soundtrack for a nuclear war During the Cold War over 500 songs were written about nuclear weapons fear of the Soviet Union civil defense bomb shelters McCarthyism uranium mining the space race espionage the Berlin Wall and glasnost This music uncovers aspects of these world changing events that documentaries and history books cannot In Atomic Tunes Tim and Joanna Smolko explore everything from the serious to the comical the morbid to the crude showing the widespread concern among musicians coping with the effect of communism on American society and the threat of a nuclear conflict of global proportions Atomic Tunes presents a musical history of the Cold War analyzing the songs that capture the fear of those who lived under the shadow of Stalin Sputnik mushroom clouds and missiles Handbook of Japan-Russia Relations Kazuhiko Togo,Dmitry Streltsov,2025-10-01 The history of official relations between Russia and Japan encompasses a period of a little more than one hundred and fifty years but stretch back unofficially for at least double that amount of time But for both Russia and Japan these relations have never been a key element of foreign policy indispensable or intrinsically important for their diplomatic strategy It is also noteworthy that for most of this time Russia and Japan were enemies rivals competitors For both parties the significance of bilateral relations to a large extent was determined by their geographical proximity This geographically predestined relationship can be characterized as distant neighbors At the same time at certain historical stages this neighborhood was not so distant The countries managed to establish relations in the economic sphere while tourism cultural scientific and educational ties were actively developing The complexity of the relations which developed for just over three centuries is worthy of study This book analyzes these three centuries of Japan Russia relations so as not to miss out any essential factors of the relationship **Holding the Hand of Darkness** Arthur Hood,2010-05-25 During the fifties the Cold War grew around us Insidious it rose to a crescendo in October of 1962 when John Kennedy proved the concept of peace by maintaining overwhelming deterrence The men who provided this deterrence were professionals who believed in the righteousness of their country and the honor of its leaders In the decades that followed that honor eroded For whatever misguided reason Lyndon Johnson chose to escalate American presence in Vietnam even though Kennedy chose to pursue a policy of withdrawal prior to his assassination Our professional military was not privy to the political maneuvering that was taking place as Johnson was lying to the American public about the Vietnam buildup We began covert ground and air operations in 1964 These operations were denied by the government but escalated

continuously to the end of the war with covert operations continuing for some years after the peace agreements After the ghost attacks by North vietnamese gun boats on August 4 1964 congress passed the Gulf of Tonkin Resolution abdicated its Constitutional duty to make any declaration of war and handed that decision to the President This step incidentally deprived the American fighting man the legal protection of the Geneva Convention This book reflects the attitude of the professionals who were tasked with prosecuting this war I have chosen three incidents that I was personally familiar with and researched them in detail They are the shoot down of Whaler Five Seven Red Marker Four and Owl Seven We have learned nothing from the mistakes of this war The Jewish Veteran ,1940 **Department of Defense Authorization for Appropriations for Fiscal Year 2001 and the Future Years Defense Program** United States.
