Imperial Wine Jennifer Regan-Lefebvre, 2024-04-23 A fascinating and approachable deep dive into the colonial roots of the global wine industry. *Imperial Wine* is a bold, rigorous history of Britain's surprising role in creating the wine industries of Australia, South Africa, and New Zealand. Here, historian Jennifer Regan-Lefebvre bridges the genres of global commodity history and imperial history, presenting provocative new research in an accessible narrative. This is the first book to argue that today's global wine industry exists as a result of settler colonialism and that imperialism was central, not incidental, to viticulture in the British colonies. Wineries were established almost immediately after the colonization of South Africa, Australia, and New Zealand as part of a civilizing mission: tidy vines heavy with fruit were symbolic of Britain's subordination of foreign lands. Economically and culturally, nineteenth-century settler winemakers saw the British market as paramount. However, British drinkers were apathetic towards what they pejoratively called colonial wine. The tables only began to turn after the First World War when colonial wines were marketed as cheap and patriotic and started to find their niche among middle and working-class British drinkers. This trend combined with social and cultural shifts after the Second World War laid the foundation for the New World revolution in the 1980s, making Britain into a confirmed country of wine drinkers and a massive market for New World wines. These New World producers may have only received critical acclaim in the late twentieth century, but *Imperial Wine* shows that they had spent centuries wooing and indeed manufacturing a British market for inexpensive colonial wines. This book is sure to satisfy any curious reader who savors the complex stories behind this commodity chain.

American Wine Tom Acitelli, 2015-09-01 James Beard Book Award Nominee 2016 Readable Feast Winner 2016 From the author of *The Audacity of Hops: The History of America's Craft Beer Revolution* comes the triumphant tale of how America belted France from atop its centuries-old pedestal as the world's top wine-producing and wine-drinking

nation Until the mid 1970s most American wine was far from fine Instead it was fortified and sweet and came from grape varieties prized less for their taste than for their ability to ferment fast Even in big cities a bottle of domestically made Chardonnay or Merlot was hard to come by and most Americans thought wine like that was for the wealthy anyway not for them Then a series of game changing events and a group of plucky entrepreneurs transformed everything forever Within a generation America would stand unquestionably at the world vanguard of wine reversing centuries of Eurocentrism and dominating the Field This change spawned hundreds of thousands of jobs and billions of dollars in sales European vintners found themselves altering centuries old recipes and techniques to cater to these newly ascendant free spending tastes The most popular fine wines worldwide became big powerful and loud American in other words American Wine tells that story All the big players and milestones are here with never before told details and analyses based on fresh interviews Written in a fast moving engaging style free of wine jargon American Wine is the first of its kind a book focused solely on the rise of fine wine in the United States since the early 1960s in California and elsewhere and how that rise altered the way the world drinks for better or worse
