Ask students to choose the three occupations they would most like to do, and also their three least favorite. Then, in small groups, have them compare their lists. Take a class poll to see which jobs are the most popular and unpopular. Have a class discussion, encouraging students to give reasons for their choices.

Grammar: *Be*

Remind your students that every sentence in English must contain a verb. The highest-frequency verb in English is *be*, so it's important to master it. Bear in mind that this verb can be tricky because it has irregular forms, and doesn't follow the same structure as the verb to be in other languages. Remember, also, that many languages do not use an *it* pronoun for things that are not people.
