Departures Frank Schalow, 2013-04-30 In this study the author shows new entry points to the dialogue between Kant and Heidegger Schalow takes up the question Why should a philosopher like Kant for whom language seemed to be almost inconsequential become the crucial counter point for a thinker like Heidegger to develop a novel way to understand and express the most perennial of all philosophical concepts namely being as such This approach allows for addressing issues

which are normally relegated to the periphery of the exchange between Heidegger and Kant including spatiality and embodiment nature and art religion and politics *Departures on the House* Scott Crass, 2020-01-09 The word change stormed onto the political lexicon in 1992 when Democratic Presidential nominee Bill Clinton aimed to deny George H W Bush a second term Often overlooked however is that change also caused a ruckus in Congress Redistricting a check overdraft scandal that consumed the chamber and overall frustration with the system produced a wild and woolly year that sent 110 House members into retirement or defeat *Departures On The House* portrays comprehensive biographies of each of those members *Departures* Lisa Lyons, J.
