Women Re-Creating Classics Emily Hauser, Helena Taylor, 2025-06-12 In the last few years there has been a major and unmissable surge in women's retellings and re-creations of ancient myths and texts that has put women's re-creations of Classics centre stage Drawing together an interdisciplinary range of creative and scholarly voices this volume asks why classical creative retellings by women are so popular now and considers what creativity can do to foster new ways of thinking and writing about Classics thus blurring the boundary between the creative and the critical Contributors engage with debates on how to make Classics more accessible through the medium of creative works so that it is not just a discipline for the select few This second volume in a two volume set brings together original creative work by some of the many women writers who are pushing forward changes in the landscape of re-creating Classics from Madeline Miller to Jennifer Saint Emily Hauser Caroline Lawrence Roz Kaveney Nikita Gill Fiona Benson Anne Carson and many more These are set alongside discussions and interviews between writers and academics roundtable conversations among poets and critics and reflections on creative and inclusive pedagogy thus offering a cutting edge collaboration between practitioners and researchers and underlining the centrality of women's re-creations of Classics to the contemporary shaping of the field **The Drowned**

Book Sean O'Brien, 2015-06-18 With an introduction by Helen Dunmore Come for a walk down the river road For though you're all a long time dead The waters part to let us pass The way we'd go on summer nights In the times we were children And thought we were lovers The Drowned Book is a work of memory commemoration and loss dominated by elegies for those the author has loved and admired Sean O'Brien's exquisite collection is powerfully affecting sad and often deeply funny but it is also a dramatically compelling book disquieting even and full of warnings As the book unfolds O'Brien's verse occupies an increasingly dark subterranean territory where the waters are rising threatening to overwhelm and ruin the world above Winner of both the T S Eliot and Forward prizes The Drowned Book is an extraordinary collection a classic from one of the leading poets of our time **Ovid's Presence in Contemporary Women's Writing** Fiona Cox, 2018-08-16 This innovative study analyses the presence of Ovid in contemporary women's writing through a series of insightful case studies of prominent female authors from Ali Smith Marina Warner and Marie Darrieussecq to Alice Oswald Saviana St nescu and Yoko Tawada Using Ovid in their engagements with a wide range of issues besetting our twenty first century world homelessness refugees the financial crisis internet porn anorexia body image these writers echo the poet's preoccupation in his own work with fleeting fame shape shifting and the dangers of immediate gratification and make evident that these concerns are not only quintessentially modern but also peculiarly Ovidian Moving beyond the concern of second wave feminism with recovering silenced female voices and establishing a female perspective within canonical works the volume places particular emphasis on the intersections between Ovid's imaginative universe and the political and aesthetic agenda of third wave feminism Focusing on its subjects socially and politically charged re-shapings re-imaginings and receptions of Ovid it not only

demonstrates the extraordinary plasticity of his writing but also of its myriad re castings and re contextualizations within contemporary culture in terms of genre alone the works discussed included translations poetry plays novels short stories and memoirs In so doing it not only offers us a valuable perspective on the work of the selected female authors and a new and vital landmark in the history of Ovidian reception but also reveals to us an Ovid who remains our contemporary and an enduring source of inspiration

The Dead Girls Jorge Ibargüengoitia,2018-07-12 With an introduction by award winning novelist Colm T ib n Opening with a crime of passion after a years long love affair has soured The Dead Girls soon plunges into an investigation of something even darker Serafina Baladro and her sister run a successful brothel business in a small town so successful that they begin to expand But when business starts to falter life in the brothel turns ugly and slowly girls start disappearing Based on real events the story of serial killing brothel owners Delfina and Mar a de J sus Gonz lez whose crimes were uncovered in 1964 The Dead Girls is a deliciously satirical black comedy a potent blend of sex and mayhem Written in the laconic tones of a police report it cleverly uncovers the hopeless pedantry of a broken justice system and the dark world of prostitution

Piecing Together the Fragments Josephine Balmer,2013-09-26 Balmer examines the art of classical translation from the perspective of the practitioner From translating classical texts to her poetry collections inspired by classical literature she discusses her own relationship with ancient literature and uncovers the various strategies and approaches she has employed in their transformations into English

Classics in Post-Colonial Worlds Lorna Hardwick,Carol Gillespie,2010-07-29 Classical material was traditionally used to express colonial authority but it was also appropriated by imperial subjects to become first a means of challenging colonialism and then a rich field for creating cultural identities that blend the old and the new Nobel prize winners such as Derek Walcott and Seamus Heaney have rewritten classical material in their own cultural idioms while public sculpture in southern Africa draws on Greek and Roman motifs to represent histories of African resistance and liberation These developments are explored in this collection of essays by international scholars who debate the relationship between the culture of Greece and Rome and the changes that have followed the end of colonial empires

Virgil and his Translators Susanna Braund,Zara Martirosova Torlone,2018-09-13 This is the first volume to offer a critical overview of the long and complicated history of translations of Virgil from the early modern period to the present day transcending traditional studies of single translations or particular national traditions in isolation to offer an insightful comparative perspective The twenty nine essays in the collection cover numerous European languages from English French and German to Greek Irish Italian Norwegian Slovenian and Spanish but also look well beyond Europe to include discussion of Brazilian Chinese Esperanto Russian and Turkish translations of Virgil While the opening two contributions lay down a broad theoretical and comparative framework the majority conduct comparisons within a particular language and combine detailed case studies with in depth contextualization and theoretical background showing how the translations discussed are embedded in their own cultures and historical moments The final two essays are written

from the perspective of contemporary translators closing out the volume with a profound assessment not only of the influence exerted by the major Roman poet on later literature but also why translation of a canonical author such as Virgil matters not only as a national and transnational cultural phenomenon but as a personal engagement with a literature of enduring power and relevance

A Companion to the Translation of Classical Epic Richard Armstrong, Alexandra Lianeri, 2025-04-01

The first volume of its kind to integrate trends in Translation Studies with Classical Reception Studies *A Companion to the Translation of Classical Epic* provides a comprehensive and wide ranging account of key debates and case studies centered the translation of Greek and Latin epics Rather than situating translation studies as a complementary field or an aspect of classical reception the Companion offers a systematic framework for adapting and incorporating translation studies fully into classical studies Its many chapters elaborate how translation is a central element in the epic's reception trajectories across the globe and addresses theoretical and methodological concerns arising from this conjunction The Companion does not just provide a comprehensive overview of the translation theories it covers but also offers fresh insights into theoretical and methodological issues currently at the top of the interdisciplinary agenda of scholars studying the global routes of ancient epic In its sections leading classicists translation theorists classical reception scholars and cultural historians from Europe and North and South America reconfigure questions this research faces today highlighting methods for an integrated approach It explores how this integrated perspective responds to key challenges in the study of the epic's reception emphasizing topics of temporality gender agency community target language politics and material production A special section also features detailed dialogues with active translators such as Emily Wilson Stanley Lombardo and Susanna Braund who speak extensively and frankly about their work This is a key volume for all students and scholars who want to engage with research reflecting the contemporary agenda in classical reception translation studies and the study of epic in its global literary and cultural routes

Art in Contemporary Anglo-American Fiction Sofie Behluli, 2025-05-30

This book addresses the recent surge of Anglo American novels about visual art since the 2010s and interprets it as a coming of age of an old literary sub genre which is here termed as the ekphrastic novel These novels are distinguished by their systematic use of ekphrasis which creatively and critically negotiates the intertwined aesthetics of literature and visual art By addressing the challenge of representing visual images such as photographs paintings and art installations with words these novels reveal a greater interest in exploring how and why we engage with art rather than merely depicting the art itself In this way ekphrastic novels present themselves as powerful practitioners and critics of contemporary image making The book focuses on four aspects emerging from ekphrastic passages value form affect and scale to explore critical questions posed by contemporary ekphrastic novels Who has the power to assign value today and at what cost Which social political historical cultural and ethical dimensions are obscured by certain forms and how can ekphrasis re introduce these aspects into public discourse What affects do images and artworks elicit and how do they

reinforce or challenge existing value systems How can narrative scale uncover potential injustices in the interplay between life and art Moreover what insights do ekphrastic novels offer into contemporary reading habits and strategies By tracing a literary tradition from nineteenth century to contemporary fiction and offering detailed close readings of several critically acclaimed and widely read contemporary novels this book delves into the theoretical and practical intersections of ekphrasis and the novel
