Travels in Georgia, Persia, Armenia, Ancient Babylonia, &c. &c. During the Years 1817, 1818, and 1820. By Sir Robert Ker Porter. With Numerous Engravings of Portraits, Costumes, Antiquities, &c. In Two Volumes, 1822 **The Political History in Sui, Tang and Five Dynasties** Li Shi, The book is the volume of The Political History in Sui Tang and Five Dynasties among a series of books of Deep into China Histories The earliest known written records of the history of China date from as early as 1250 BC from the Shang dynasty c 1600 1046 BC and the Bamboo Annals 296 BC describe a Xia dynasty c 2070 1600 BC before the Shang but no writing is known from the period The Shang ruled in the Yellow River valley which is commonly held to be the cradle of Chinese civilization However Neolithic civilizations originated at various cultural centers along both the Yellow River and Yangtze River These Yellow River and Yangtze civilizations arose millennia before the Shang With thousands of years of continuous history China is one

of the world's oldest civilizations and is regarded as one of the cradles of civilization. The Zhou dynasty (1046–256 BC) supplanted the Shang and introduced the concept of the Mandate of Heaven to justify their rule. The central Zhou government began to weaken due to external and internal pressures in the 8th century BC and the country eventually splintered into smaller states during the Spring and Autumn period. These states became independent and warred with one another in the following Warring States period. Much of traditional Chinese culture, literature, and philosophy first developed during those troubled times. In 221 BC, Qin Shi Huang conquered the various warring states and created for himself the title of Huangdi, or emperor of the Qin, marking the beginning of imperial China. However, the oppressive government fell soon after his death and was supplanted by the longer-lived Han dynasty (206 BC–220 AD). Successive dynasties developed bureaucratic systems that enabled the emperor to control vast territories directly. In the 21 centuries from 206 BC until AD 1912, routine administrative tasks were handled by a special elite of scholar-officials. Young men well-versed in calligraphy, history, literature, and philosophy were carefully selected through difficult government examinations. China's last dynasty was the Qing (1644–1912), which was replaced by the Republic of China in 1912 and in the mainland by the People's Republic of China in 1949. Chinese history has alternated between periods of political unity and peace and periods of war and failed statehood, the most recent being the Chinese Civil War (1927–1949). China was occasionally dominated by steppe peoples, most of whom were eventually assimilated into the Han Chinese culture and population. Between eras of multiple kingdoms and warlordism, Chinese dynasties have ruled parts or all of China; in some eras, control stretched as far as Xinjiang and Tibet, as at present. Traditional culture and influences from other parts of Asia and the Western world, carried by waves of immigration, cultural assimilation, expansion, and foreign contact, form the basis of the modern culture of China.

The Works of William Perkins, Volume 1 William Perkins, 2014-12-29. The present volume contains three of Perkins's treatises. The first is *A Digest or Harmony of the Books of the Old and New Testament*, which offers a synopsis of the Bible that relates sacred history to the chronology of the world. Dating God's creation of the universe in 3967 BC, Perkins develops his overview of redemptive history that culminates in the final judgment. The second treatise is *The Combat between Christ and the Devil*. Displayed Expounding Matthew 4:1–11, Perkins shows how Christ's temptation in the wilderness 1 set Jesus up to serve as the second Adam, overcoming Satan's temptation in a way the first Adam did not; 2 reveals how the devil assaults the church so that we might be better prepared to resist his temptations; and 3 equipped Christ to be a sympathetic high priest to those who are tempted. The third and most significant treatise is *A Godly and Learned Exposition upon Christ's Sermon in the Mount*. Hereof I have chosen to entreat, says Perkins, because it is a most divine and learned sermon and may not unfitly be called the Key to the whole Bible, for here Christ opens the sum of the Old and New Testaments. The fact that Perkins saw the Sermon on the Mount as unlocking the meaning of Scripture in its entirety suggests that his understanding of what Christ declares in Matthew 5:7 was pivotal to the development of his theology and piety.
