

An artistic, painterly illustration of the Federal Reserve Building in New York City. The scene is set at dusk or dawn, with a warm, golden light illuminating the building's facade and the sky. The building's classical architecture, featuring large columns and a prominent pediment, is clearly visible. In the foreground, several people are walking on the steps and plaza in front of the building, adding a sense of scale and activity to the scene. The overall mood is formal and institutional.
