A Random Book about the Power of ANYone Talia Leman, 2012-10-02
 Ever since she learned of the devastation wreaked by Katrina as an 11 year old living in Iowa, Talia has been reaching out to young people across the globe, inspiring and empowering them to chip in, do their part, and prove that they can, in fact, make a profound difference in their communities and the world at large. In her speeches and in this book, Talia highlights the fact that it is because of their youth that kids are uniquely positioned to make significant contributions to humanitarian efforts. Talia has brought young people together to bring their energy, passion, and devotion to such diverse projects. In this book, she'll talk to like-minded youth and show them that any kid has it within them to do exactly what she did, and more perhaps than any adult. With inspirational messages, sample projects, and the results to prove that her approach works, *Random Kid* will become a go-to book for any kid with a dream but who might not know how to get started.

But in *Silent Grief*, author Clara Hinton brings a clear message of hope through the cold mourning. Writing of her own grief and interviewing scores of women and men, she offers not pat answers but instead shows us this: You are not alone.
