God Is in the Crazy Dr. Chet Weld,2023-01-19 It s been said that life is like a dark night in a cheap hotel The world is just plain crazy That makes miracles angel appearances and answers to prayer even more amazing God Is in the Crazy invites the reader to witness how God can suspend laws of time and space in order to save us from dangers and bestow blessings If you ve felt broken and desperate forsaken and faithless the many miracles of this book will give you hope After the author s journey through drug and alcohol abuse and his seasons in what the Bible calls the waste howling wilderness of life s trials and heartaches his hope in God has never stopped growing This book will help you find refuge and strength during similar times in the wilderness And while God s ways are often inscrutable you ll gain insights into why faith in Him is never in vain You ll learn how God draws straight with crooked lines the advantages of downward mobility and how the wilderness equals power Along with reflections on ways to receive deep peace God Is in the Crazy will help you walk more confidently into your fulfilling destiny

Believing Minds. Fernando José Walsh,2025-10-09 Is science truly the enemy of faith Can a practicing scientist believe in God Is there an inevitable clash between scientific knowledge and the Bible From Copernicus 1473 1543 to contemporary researchers 200 highly distinguished scientists provide compelling testimony that science clearly affirms a Creator one perfectly consistent with the God revealed in the Scriptures This book delves into the lives and powerful convictions of these titans of science who were also giants of faith The culmination of years of deep investigation this book uncovers a profound truth often obscured by media influence the supposed incompatibility between science and faith is a fallacy Instead it reveals that modern science was born and accelerated by thinkers who based their research on the foundational belief in a wisely designed universe They saw nature s laws as the imprint of a Supreme Creator who empowered humanity created in His image to discover these laws for universal good Explore the inspiring journeys remarkable achievements and deep spiritual convictions of legendary

figures like Newton Galileo Pascal Morse Pasteur Edison Marconi and Einstein Featured within are over 30 Nobel Prize winners in crucial scientific fields alongside astronauts whose perspectives were transformed by their experiences Grounded in extensive meticulous research the book champions its thesis with undeniable clarity Science demonstrates that God exists Derek Barton 1918 1998 Nobel Laureate in Chemistry 1969 **Hope** Charlene Moorer, NCC LPC, 2022-08-25 Hope Heart of Peaceful Endurance A Godly Resilience In our ever evolving world where nefarious happenings are occurring regularly and positivity seems to be obscure we all seem to be searching for hope It is the possession we need and perhaps long for to encourage every passing day When things look impossible or in despair we have to build up our hope and lean on our faith Hope is a skill In this easy to read yet powerful book Charlene takes you through five practical steps on employing your hope skills There is exploration through subjective and dictionary definitions of hope before introducing the steps of this indistinct skill In addition we will journey through ways that hope can be stolen and conversely how we can sustain or reinforce our hope through action even during trying times We are more resilient than we give ourselves credit By using Bible verses real life narratives constructive levity and pragmatic ingenuity the goal is to convey to the reader how to identify and utilize the hope steps how to prevent the enemy from stealing your hope why you have to watch your words or words spoken over you what the Bible has to say about hope how to look for the butterfly moments and pursue resilience how antagonistic feelings can affect your hope why hope is the link between faith and wellness where our hope comes from why you are worth it and being kind to yourself During tough times hope is not the easiest to hold on to However it is the best gift you can give yourself Be encouraged and allow God to minister to you Happy reading *Felimanuel Series* Emmanuel Gbireh, 2012 It is chiefly through books that we enjoy intercourse with superior minds In the best books great men talk to us give us their most precious thoughts and pour their souls into ours God be thanked for books They are the voices of the distant and the dead and make us heirs of the spiritual life of past ages Books are true levelers They give to all who will faithfully use them the spiritual presence of the best and greatest of our race William Ellery Channing Some of the things you will discover in *Felimanuel Series The Magical Secret to Success in English Language Essay Writing for Junior and Senior High Schools Volume 1 With Bonus Success Secrets* The book is comprehensively logically and coherently written and the language used is also easy to understand hence little or no further explanation is needed The book teaches how to choose examination questions and answer them without sweat Sample outlines plans and sample essays have been written to guide pupils and students The bonus success secrets will help pupils and students to pass in all seemingly difficult subjects like mathematics and science The bonus success secrets will also guide pupils and students towards the attainment of greater success in life The book has been designed in such a way that it can be used for examination purposes and for other practical uses in the day to day life of whoever uses it faithfully In writing this book on English Language essay writing I decided to move away from the traditional way of some authors flooding their English Language essay writing books with so many sample essays

based on my experiences as an English teacher some years back Many pupils students have the habit of memorizing written essays found in books and reproduce them during examinations class exercises or when given project home work when they see that the question being asked is similar to the answered one they came across I hope the experts in the educational sector will agree with me that this does not augur well for the proper development of the child because he she would not have the opportunity to think and plan on his her own before writing a script with originality I stand to be corrected if I am mistaken It is in line with this that I have given only single sample essays per essay topic treated with more suggested outlines plans Most people often fail to plan their lives and this usually have disastrous effects on them Also in writing examination most candidates fail to plan their essays before answering selected questions As the old adage says If you fail to plan you plan to fail It is based on the above that in writing this book I dedicated the first chapter to the basics of essay writing Below is an excerpt of chapter one of the book After high lighting on the basics of essay writing I went ahead to discuss what paragraphs are and how they can be used in our daily writings This is followed by the use of punctuation marks Here again I have given a comprehensive write up as to how punctuation marks can be used to enrich our written works Other topics covered in the book are writing of narrative essays descriptive essays friendly letters semi formal letters summary writing argumentative essays speeches and talks report writing articles for publication expository essays and advertisement After a comprehensive logical and coherent treatment of each topic I followed up with sample questions outlines plans and essays These are only to serve as a guide to users of the book I will like to take this opportunity to entreat teachers to encourage pupils students whom they teach to learn how to write an outline plan and to use it when answering essay related questions not only with English language but with all other subjects that they deem it fit to apply Some people may not see the usefulness of the outline plan but it helps the pupil stude *Gird Your Mind* Uchenna

Egbuchulam,2014-09-24 There is a saying that youths are the leaders of tomorrow but the reality of that statement depends on how the youths train themselves and how they choose to live their lives while growing up The decisions you take as a youth will certainly go a long way in influencing how you end up in the long run *Gird Your Mind* is a motivational book directed at teaching youths all over the world the fear of God and the need to serve him in the days of their youth The author having associated himself with worldly things in the past and now under the influence of the Holy Spirit was able to point out certain things you should avoid and what to do as a youth if you want to have the bright future that you desire *Gird Your Mind* is a must read not just for youths but for everyone *The Unshakable Journey* Lilian M Mutua ,2025-06-26 The Unshakable Journey Overcoming Challenges to Transformation is an inspiring memoir that chronicles Lilian M Mutua s powerful journey of rising above adversity and rediscovering her strength Through raw honest storytelling she shares the defining moments that tested her strength shaped her identity and ultimately led her to breakthrough With a message that resonates across cultures and backgrounds this book is a testament to the human spirit s ability to endure evolve and thrive

Modlin, MD, MBA, 2021-08-17 As a renowned kidney transplant surgeon and one of a small number of African Americans to hold such a title Dr Charles Modlin has overcome enormous odds roadblocks and trials In his book It Isn't Difficult to Do It if You Know How to Do It he provides an extensive compilation of the successful strategies used to overcome challenges and accomplish his goals in hopes of encouraging high school students and college students whose ambition is to succeed in life From life in high school through applying and succeeding in college through the beginnings of

one's professional years. It isn't difficult to do it if you know how to do it. It not only outlines the proven tactics to embrace but also offers navigation around many of the pitfalls that entrap youth and prevent success in college and graduation. This resource is written specifically for ambitious high school students and college students who are aiming to achieve no matter their goals. This book details for the reader the most important guidelines for youth to consider when transitioning from high school to college and beyond that Dr. Modlin has learned from his childhood through medical school and eventually his profession as a kidney transplant surgeon. Chicken Soup for the Soul in the Classroom High School Edition: Grades 9-12 Jack Canfield, Mark Victor Hansen, 2012-10-16 Lesson Plans and Students Favorite Stories for Reading Comprehension Writing Skills Critical Thinking Character Building As a teacher you have the unique opportunity to teach and inspire your students to be goal oriented, compassionate, confident and ambitious. Anna Unkovich, a former teacher of thirty five years, made a difference in her students' lives through the daily use of stories from the bestselling Chicken Soup for the Soul series. As a teacher you have the unique opportunity to teach and inspire your students to be goal oriented, compassionate, confident and ambitious. Anna Unkovich, a former teacher of thirty five years, made a difference in her students' lives through the daily use of stories from the bestselling series Chicken Soup for the Soul. For many years Unkovich read these stories to her students and noticed remarkable changes in them, both academically and personally. Recognizing that today's teenagers have more challenges in finding positive role models, she teamed up with bestselling author Mark Victor Hansen and veteran teacher, inspirational speaker and bestselling author Jack Canfield to create an unprecedented educational curriculum for teachers to use to empower their students in the same way that they have. Unkovich chose the most inspirational stories from the more than one hundred Chicken Soup books published. These stories, activities and plans will enhance your existing curriculum. Designed to be read aloud to students, each story is accompanied by thought provoking questions and exercises specifically designed and used by the authors. Your students will identify with each of the powerful stories and will be encouraged to apply the lesson plans to their own lives, challenges and situations and at the same time improve their critical thinking and writing skills. More important, unlike other curriculums, Chicken Soup for the Soul in the Classroom educates and provides opportunities for open dialogue on real life issues including character building and self esteem. **How to Read** **More** Martin Udogie, Dick Kramer, 2014-08-01 It doesn't take days or weeks or months to read a book. It takes hours. READ MORE explains how. Most people readily admit that reading books is beneficial and wish they could read a bit more and in some cases a lot more. But most people also have what seem like perfectly valid excuses for not reading, chief among which are lack of time, work load and responsibility. Yes, they all seem perfectly understandable excuses until you read this book and discover accounts of people going out of their way to indulge in the habit. From Rudi Giuliani, who as New York Mayor during 9/11 finally arrived home at past 2 A.M. on the night of that fateful day and still picked up a book to read to Barack Obama who went on a one week vacation in 2010 with over 2,300 pages of reading to George W. Bush whose formula for reading was

to enter into a reading contest with his top presidential aide Karl Rove Then there is the challenge of the 99% majority for whom affordability might also be a ready excuse Yet Dr Ben Carson today a world famous neurosurgeon and bestselling author traces his turnaround to the reading habit instilled in him in fifth grade by his single mother who wasnt even literate at the time And there are several other examples But what of the other 1% the rich and famous for whom time is priceless Bill Gates as CEO of Microsoft had a Think Week dedicated to reading And as Singapore Prime Minister Lee Kuan Yew took out time to recharge his batteries at Harvard A commitment to a regime of habitual reading takes more than mental conviction It takes doing And unlike what most people have come to believe reading a book doesnt take days or weeks It takes hours This book demonstrates how and reveals other simple steps that anyone can follow to develop a life time habit of enjoyable reading and reap its rewards
