## **Thinking For Yourself 9th Edition:**

*Thinking for Yourself* Marlys Mayfield, 2004 Mayfield College of Alameda teaches both critical thinking and composition by emphasizing awareness of the personal thinking process in this text intended for use in English composition university transfer courses For this sixth edition about half of the readings are new with literary excerpts as well as essays on current topics of controversy Also new are Internet research exercises Annotation c 2003 Book News Inc Portland OR booknews com

*Thinking for Yourself* Marlys Mayfield, 2009-04-13 Mayfield's THINKING FOR YOURSELF fully integrates critical thinking with composition and reading Rather than teaching from the outside in of rules and imitation the text offers students an inside out approach for improving their own thinking perceiving writing and awareness skills lifelong With each chapter building upon previously developed skills students learn how to write more detailed description as they learn to observe better to write reports when they can separate facts from inferences opinions and assumptions and finally write an argumentative research paper grounded in step by step skill development in reasoning and critical analysis THINKING FOR YOURSELF is a book that students like to read its hallmark features include interesting and provocative readings cartoons multiple options for application and testing and a lively explanation of critical thinking concepts and standards Important Notice Media content referenced within the product description or the product text may not be available in the ebook version

**Thinking for Yourself** Mayfield, 2000-12-01 Why It's OK Not to Think for Yourself Jonathan Matheson, 2023-09-29 We tend to applaud those who think for themselves the ever curious student for example or the grownup who does their own research Even as we're applauding however we ourselves often don't think for ourselves This book argues that's completely OK In fact it's often best just to take other folks' word for it allowing them to do the hard work of gathering and evaluating the relevant evidence In making this argument philosopher Jonathan Matheson shows how expert testimony and the wisdom of crowds are tested and provides convincing ideas that make it rational to believe something simply because other people believe it Matheson then takes on philosophy's best arguments against his thesis including the idea that non-self thinkers are free riding on the work of others Socrates claim that the unexamined life isn't worth living and that outsourcing your intellectual labor makes you vulnerable to errors and manipulation Matheson shows how these claims and others ultimately fail and that when it comes to thinking we often need not be sheepish about being sheep Key Features Discusses the idea of not thinking for yourself in the context of contemporary issues like climate change and vaccinations Engages in numerous contemporary debates in social epistemology Examines what can be valuable about thinking for yourself and argues that these are insufficient to require you to do so Outlines the key practical takeaways from the argument in an epilogue
