

Sound Pollution

Sound pollution has become one of the big problems in India. Excessive noise is harmful to the health and cause imbalance to the human or animal life. Common sources of the sound pollution are household gadgets, transport, vehicles, planes, industrial machines. Common problems caused by the sound pollution are stress, anxiety, hearing loss sleep disruption headache etc. General awareness should be increased among common people. All the rules should be followed by every one in order to control the sound level in the environment. We can reduce sound pollution by using all the solutions and can make a healthy and happier society. If we all reduce the pollution and make the plantation everywhere, then people breathe healthy on this planet.
