The Heart and the Island Chiara Mazzucchelli,2015-08-04 In The Heart and the Island Chiara Mazzucchelli explores the strong bond between Sicilian American writers and the island of Sicily Self contained yet connected to the mainland geographically separated from yet politically united to the rest of Italy Sicily occupies a unique position Throughout the twentieth century the sense of a distinct sicilianit or Sicilianness has manifested itself in a corpus of texts that although subsumed under the broader context of Italian literature have distinguished themselves as examples of an exquisitely Sicilian literary experience Mazzucchelli argues that a parallel phenomenon sicilianamericanit has emerged in the United States

Focusing on the island's geography, history, and culture, she examines how many American authors of Sicilian descent derive inspiration from their ethnic milieu and lay out a recognizable set of Sicilian culture markers in their works, thereby producing a literature that is distinctly Sicilian American. Drawing on both Italian and Italian American scholarship, *The Heart and the Island* is the first full-length study of Sicilian American literature, and it opens a space for new interdisciplinary discussions on what it means to be Italian on both sides of the ocean.

The Handy Military History Answer Book Samuel Willard Crompton, 2015-03-23. Heroism and sacrifice. Brutality and folly. Great leaders, great villains, pivotal moments and events. Take a captivating, concise, and convenient look at how the world, the United States, and the lives we lead today have been changed by war and the military. Military history is a fascinating, complex, and often contradictory subject. War and fighting between tribes, clans, groups, and countries has been with us forever. Wars cause political, social, and technological upheavals. It answers over 1,100 questions from the most widely asked to the more obscure, such as: Who cast the first stone of human history? Is there anything to the story of Ancient Troy? Could Alexander the Great have conquered the early Roman Republic? How many men and auxiliary fighters were there in a Roman legion? Which precious metal did the Vikings prefer above all others? Do we even have his name? Genghis Khan, right? Where did Richard the Lionheart get his nickname? How long did it take to learn how to use the longbow? Was Napoleon really not French?
