The Young Buglers : with Original Illustrations G. A. Henty, 2020-01-13 I remember that as a boy I regarded any attempt to mix instruction with amusement as being as objectionable a practice as the administration of powder in jam but I think that this feeling arose from the fact that in those days books contained a very small share of amusement and a very large share of instruction I have endeavored to avoid this and I hope that the accounts of battles and sieges illustrated as they are by maps will be found as interesting as the lighter parts of the story As in my tale The Young Franc Tireurs I gave the outline of the Franco German war so I have now endeavored to give the salient features of the great Peninsular struggle The military facts with the names of generals and regiments the dates and places are all strictly accurate and any one who has read with care the story of The Young Buglers could pass an examination as to the leading events of the Peninsular war
