**The World At Large - Book 1** Adam Mehaffey, 2014-12-26 The following is an account of my journeys throughout the world What started off as a couple of months to get away for an adventure turned into a ten year journey of learning enlightenment hard times and moments that will never leave me including times of joy sorrow love pain near death experiences and experiences nearly worth dying for During that time I travelled to over 60 countries set foot on every continent including Antarctica worked in over half a dozen countries and saw relics from ancient civilisations and technological marvels of the modern world I saw the highest peak on earth the lowest valley and so much in between I visited places where they had never seen a white man before and countries ruled by governances ranging from democracies to theocracies to military regimes I saw the cruelty that humanity can have for each other as well as the love that can bind us all I fell in love had my heart broken a few times and broke a few hearts of my own Carpe Diem     THE ART OF DEFINING LIFE Adrian Gabriel Dumitru, Truth be told we want an over night change in our lives There are many moments when the actual reality is very difficult to handle and looks like we have no escape at all We dream of a quantum jump even if we dont understand the concept very well In few words the reality sucks and we dream of a life that we will never have because deep inside us we dont really believe we will ever meet this reality We have a fake attitude that we are looking for change but this attitude is just a mask for our fears as them not to be seen So we wonder today if there is a way of how our lives can be changed in what we think that should be better for us Does it exists a system that we could follow and achieve our dream life But it must be a simple way otherwise we know that we will not follow the path Everything is happening is related to us and everything could happen is also related to us The magic answer because we are looking only for magic answers is the art of defining life Yes this is an art We need to start be honest with ourself and all the answers to simple questions as why am i fat because i eat to much why my partner is cheating on me because i did not knew to be that perfect partner that i had to be and the list of questions will go on We need to start defining what we dont like Once we understand that the change is in our powers and if we really want a change we will start the process of achieving the new life we dream at We dont need to go to a therapist we dont need to study motivational issues of social media and dont even need to read hundreds or thousands of books to start the change process The art of defining our lifes means that we have the courage to understand what we dont like and define very clear how our reality should look like The depression or what we call depression because many things are unclear in our minds is this huge gap between where we are now and where we want to be We are looking for a magic bridge that should help us go very easilly from one point to the other The process itself is a very simple one as long as we decide to be honest to us The art of defining yes is an art And also to live is an art Once we decide that we are brave enough to live our lifes the dream life the magic will happen cause all the magic is our powers     *Posthumous Love* Ramie Targoff, 2024-05-31 For Dante and Petrarch posthumous love was a powerful conviction Like many of their contemporaries

both poets envisioned their encounters with their beloved in heaven Dante with Beatrice Petrarch with Laura But as Ramie Targoff reveals in this elegant study English love poetry of the Renaissance brought a startling reversal of this tradition human love became definitively mortal Exploring the boundaries that Renaissance English poets drew between earthly and heavenly existence Targoff seeks to understand this shift and its consequences for English poetry Targoff shows that medieval notions of the somewhat flexible boundaries between love in this world and in the next were hardened by Protestant reformers who envisioned a total break between the two Tracing the narrative of this rupture she focuses on central episodes in poetic history in which poets developed rich and compelling compensations for the lack of posthumous love from Thomas Wyatt s translations of Petrarch s love sonnets and the Elizabethan sonnet series of Shakespeare and Spencer to the carpe diem poems of the seventeenth century Targoff s centerpiece is Romeo and Juliet where she considers how Shakespeare s reworking of the Italian story stripped away any expectation that the doomed teenagers would reunite in heaven Casting new light on these familiar works of poetry and drama this book ultimately demonstrates that the negation of posthumous love brought forth a new mode of poetics that derived its emotional and aesthetic power from its insistence upon love s mortal limits

warriors of philosophers and statesmen of teenage girls concerned for their birthday celebrations of drunkards and brawlers of grumpy old men and chic young things Their authors write or sing about hopes fears loves losses triumphs and humiliations Every one of them lived and died between 1 900 and 2 800 years ago The Penguin Book of Greek and Latin Lyric Verse is a volume without precedent It brings together the best of two traditions normally treated in isolation and in doing so tells a captivating story about how literature and book culture emerged from an oral society in which memory and learning were transmitted through song The classical vision of lyric poetry as understood by the greatest ancient poets Sappho and Horace Bacchylides and Catullus mingles and interacts with our expansive modern vision of the lyric as the brief personal emotional poetry of a human soul laid bare Anyone looking for a picture of what ancient poets were up to when they were simply singing to the gods or to their friends or otherwise opening little verbal windows into their life and times can find it here It is a volume full of fire and life an undertaking of astonishing reach and an accomplishment magisterial in its scope

**ABSTRACT LOVE** Adrian Gabriel Dumitru,2020-12-06 There are lots of books published every year with all kinds of theories but not so many expressing the concept of abstract love I would define this a reflection of our thoughts into the real life We call it abstract cause have nothing to do with the normal dogmatic way of seeing the love stories Real love that perfect scenario with the perfect partner can be seen at any age depending of the luck our karma allows us to have But we want it so much that the Universe allows us this meeting with only one obstacle which in many cases makes the love story imposible Thinking in a positive way we redefine the imposible story as an abstract one Being a reflection of our dreams the story itself is a perfect one except the fact that you cannot enjoy the story into the real word creating the image of an illusion Imposible love stories are present all over the world After posting a long time in social media i received messages from people from all the continents telling me about them The word love being present near the word imposible creates this strange illusory and abstract way of seeing the magic of love The book is a collection of essays my thoughts about the interconnection between the illusion and reality I used a lot the term illusion cause we all look for perfect scenarios especially when it comes to love but the truth is that perfection is far far away of reality We can interconnect illusions with the real world just through imposible love stories In the end the book is a personal development writing that allows us to understand the magic of love but also a method that teaches how to enjoy life even if we dislike the word imposible
