Extracts from the book Fun in the sun Anyone attempting to understand the Spanish must first of all recognize the fact that they do not consider anything important except total enjoyment If it is not enjoyable it will be ignored You can't buy happiness The happiness of the individual is considered to be much more important than money The goatherd who strolls the countryside with his animals breathing in the fresh air and loving his problem less life is much more admired than the wealthy industrialist who hasn't time to enjoy life and spends quite a lot of his earnings on medicines to calm his peptic ulcers Sex explicit In Spain lust is ever in the air There is nothing about the Spanish appreciation of sex that is inhibited or restrained It is accepted that both men and women love making love which is why there are very few sexual crimes in the country *Spanish for Xenophobes* Drew Launay,2003 A humorous approach to Spanish that shows you can speak the lingo simply by using plain English Back cover **Spain** ,2007 Forthcoming Books Rose Arny,2003 New West Indian Guide ,2007 **USA, the Rough Guide** ,1996 *The Xenophobe's Guide to the French* Nick Yapp,Michel Syrett,2008-07-01 A guide to understanding the French that explores the *raison d'être* behind the Gallic facade with humour and style *Landfall* Charles Brasch,1968 **The Ecology of Oneness** Robert Sachs,2016-01-22 We live in a melting pot world where competing worldviews and paradigms contribute to but are also the victim of collapsing social and political infrastructures Add to this undeniable climate change and the result is global turbulence manifesting as environmental degradation wars terrorism growing fundamentalisms pandemics and increasing levels of despair and anxiety Yet there is also emerging what could best be described as a growing tribe of conscious engaged individuals united in recognition of the interdependency of all sentient life and a vision of sustainability rooted in eco sensitivity These people whether they are consciously united or not are the foundation of and beacons for an ecology of oneness Their vision and call may not cause a massive transformation of the whole of humanity But in troubled times individuals and groups who hold such a vision act as pockets of light promoting mindfulness supporting the development of our inherent moral compass and remind us to engage and cooperate with worlds both visible and invisible in which we are cohabitants An ecology of oneness beckons a spiritual transformation of global magnitude Although author Robert Sachs practices Tibetan Buddhism his studies under and times spent with renowned masters from all faiths and traditions makes *The Ecology of Oneness* a life guide for all He empowers us to be a light support and friend to every being we come into contact with If we embrace and embody such a vision we awaken in a free world beyond religious racial or social differences and experience the oneness that is at once the truth and our salvation Multilingual ,2006 **USA** Samantha Cook,1994 *We Europeans* Richard Hill,1993 Chronicles ,1997
