Their Private Arrangement:

The Private Arrangement Book 2 Catherine Brooks VandeHey, 2018-10-05 Supermodel turned marketing executive Miranda Sinclair Newman is pregnant and she discovers her ex fiancé's secret. He has a rare form of blood cancer that was found in his blood work while preparing to get his marriage license. That revelation sets off a chain of events that will cause him and Miranda an emotional and heartbreaking dilemma. Presented with all the facts she is confused about what to do next. She still desperately loves her ex Alex Anderson who was her first love and mentor. But there is no denying that Matthew Newman is her soulmate that she adores more than life itself. She needed to think about her innocent baby twins and what was right to do by both men she loved so much in her heart and soul. She prays about what to do so she doesn't lose either of the men she can't live without. She decides to propose for the three of them to enter into a private arrangement where they will live together and raise the twins so no one has to be cut out of her life. Because with her gift of ESP she knows they both have a very good chance of being the biological father of the twins she's carrying. The only other option for her is to annul her quickie marriage to Matt and raise her twins as a single mother. With her world that has been turned upside down by both men who are tearing her heart apart emotionally. Her only hope is if they love her enough not to want to give her up and go along with the conditions of the arrangement. It turns out after doing a lot of soul searching and no other options they agree to do it because they can't imagine their world without her and the babies in it. **Private Arrangements** Sherry

Thomas, 2008-03-25 Love has designs of its own. To all of London society Lord and Lady Tremaine had the ideal arrangement: a marriage based on civility, courteousness and freedom by all accounts a perfect marriage. The reason: For the last ten years husband and wife have resided on separate continents. But once upon a time things were quite different for the Tremaines. When Gigi Rowland first laid eyes on Camden Saybrook the attraction was immediate and overwhelming. But what began in a spark of passion ended in betrayal the morning after their wedding and now Gigi wants to be free to marry again. When Camden returns from America with an outrageous demand in exchange for her freedom Gigi's decision will have consequences she never imagined as secrets are exposed desire is rekindled and one of London's most admired couples must either fall in love all over again or let each other go forever.
