An archaeology of innovation Catherine J. Frieman, 2021-02-16 An archaeology of innovation is the first monograph length investigation of innovation and the innovation process from an archaeological perspective It interrogates the idea of innovation that permeates our popular media and our political and scientific discourse setting this against the long term perspective that only archaeology can offer Case studies span the entire breadth of human history from our earliest hominin ancestors to the contemporary world The book argues that the present narrow focus on pushing the adoption of technical innovations ignores the complex interplay of social technological and environmental systems that underlies truly innovative societies the inherent connections between new technologies technologists and social structure that give them meaning and make them valuable and the significance and value of conservative social practices that lead to the frequent rejection of innovations

The Science of Ethics Leslie Stephen, 1882 Educational Film & Video Locator of the Consortium of College and University Media Centers and R.R. Bowker Consortium of College and University Media Centers, 1990 The Making of British Socialism Mark Bevir, 2016-12-13 A compelling look at the origins of British socialism

The Making of British Socialism provides a new interpretation of the emergence of British socialism in the late nineteenth century demonstrating that it was not a working class movement demanding state action but a creative campaign of political hope promoting social justice personal transformation and radical democracy Mark Bevir shows that British socialists responded to the dilemmas of economics and faith against a background of diverse traditions melding new economic theories opposed to capitalism with new theologies which argued that people were bound in divine fellowship Bevir utilizes an impressive range of sources to illuminate a number of historical questions Why did the British Marxists follow a Tory aristocrat who dressed in a frock coat and top hat Did the Fabians develop a new economic theory What was the role of Christian theology and idealist philosophy in shaping socialist ideas He explores debates about capitalism revolution the simple life sexual relations and utopian communities He gives detailed accounts of the Marxists Fabians and ethical socialists including famous authors such as William Morris and George Bernard Shaw And he locates these socialists among a wide cast of colorful characters including Karl Marx Henry Thoreau Leo Tolstoy and Oscar Wilde By showing how socialism combined established traditions and new ideas in order to respond to the changing world of the late nineteenth century The Making of British Socialism turns aside long held assumptions about the origins of a major movement
