The Therapeutic Relationship Handbook: Theory and Practice Divine Charura, Stephen Paul, 2014-10-16

Practitioners across many counselling approaches acknowledge that the therapeutic relationship is central to therapy and its outcomes This book argues that the therapeutic relationship cannot be reduced to particular words or therapeutic skills but is a relationship encounter that promotes dialogue contact and process In each chapter experts in different fields interpret the therapeutic relationship through the lens of their own modality offering Summaries of the key theoretical and research bases Example case studies of therapeutic interventions that illuminate key relational components of the approach and the development and management of the therapeutic relationship Study of the limitations challenges and complexities of maintaining a therapeutic relationship Exploration of new developments in working with clients capturing work that the authors and other colleagues have been involved in developing in that area The Therapeutic Relationship Handbook is a broad ranging guide for students as well as both new and experienced practitioners Divine Charura is a Senior Lecturer in Counselling and Psychotherapy at Leeds Metropolitan University UK He is an Adult Psychotherapist who works in the NHS voluntary sector and in private practice as well as an independent trainer supervisor and coach Stephen Paul is a client centred psychotherapist practising in the areas of therapy supervision and coaching He retired as Director of The Centre for Psychological Therapies at Leeds Metropolitan University UK in 2012 after 20 years of service The editors and authors of this book have produced a volume of theory and practice that has tremendous breadth and scope and that is a thorough analysis of the many facets of the therapeutic relationship Rich in knowledge and practical applications the authors demonstrate not only an understanding of their field but also an ability to communicate this with vignettes and examples that are relevant and enable understanding for both students and practitioners alike The limitations and challenges of each approach are recognised and a detailed list of further references is given for the reader to explore if desired I highly recommend this book for both students and practitioners and congratulate the editors and authors on their work I will certainly use it in our Counselling Education Programs for both Bachelor and Master of Counselling students Dr Ann Moir Bussy Program Leader and Senior Lecturer Counselling University of Sunshine Coast Queensland Australia **Systems-Centered Training**

Yvonne M. Agazarian, Susan P. Gantt, Frances B. Carter, 2020-12-30 This illustrated book shows how thinking systems offer new ways of seeing people which can help us see and do things differently The authors describe how a theory of living human systems was developed and even recently revised This major revision led to a theory of the person as a system and its role systems map that helps us see which system in us and in others is running the show The authors illustrate how life force energy fuels the hierarchy of living human systems and how theory and practice with role systems can be useful in everyday life They begin with describing how they have used the new illustrations as a map to locate the contexts of our roles Using this map has also enabled the authors to identify the role systems and explore the territory of ourselves and our groups in new ways that deepened our understanding of roles and role locks This book illustrates systems centered therapy and training SCT theory by offering a practical theory to guide group psychotherapists leaders and consultants in working with group dynamics Autobiography of a Theory Yvonne M Agazarian, Susan Gantt, 2000-06-01 Systems centred practice and its theory are one of the most important developments in group psychology in the last forty years In this book Yvonne Agazarian traces the evolution of her ideas and their application to create a meta theory the theory of living human systems
