## **Things Fall Apart Chapters:**

**Chinua Achebe's Things Fall Apart** Harold Bloom, 2010 Things Fall Apart set in Nigeria about a century ago is widely regarded as Chinua Achebe's masterpiece. Considered one of the most broadly read African novels, Achebe's work responded to the two-dimensional caricatures of Africans that often dominated Western literature. This invaluable new edition of the study guide contains a selection of the finest contemporary criticism of this classic novel. Understanding Things Fall Apart Kalu Ogbaa, 1999-01-30 Things Fall Apart is the most widely read and influential African novel. Published in 1958, it has sold more than eight million copies and been translated into fifty languages. African culture is not familiar to most American readers, however, and this casebook provides a wealth of commentary and original materials that place the novel in its historical, social, and cultural contexts. Ogbaa, an Igbo scholar, has selected a wide variety of historical and firsthand accounts of Igbo history and cultural heritage. These accounts illuminate the historical context and issues relating to the colonization of Africa by European powers, in particular Britain's colonization of Nigeria. Fascinating materials bring to light the novel's cultural context, folkways, language, and narrative customs and traditional Igbo religion. Among the documents included are a slave narrative, interviews, journal and magazine articles, and historical essays. Each chapter is followed by questions for class discussion and ideas for student paper topics. A selection of maps and photos of Igbo culture complement the text. Following a literary analysis, historical documents trace the European powers' partition of Africa and the creation and colonization of Nigeria, home of the Igbo people. Several chapters on Igbo cultural harmony feature materials that explain the Igbo view of the world of humans and the world of the spirits, Igbo language, and traditional Igbo religion and material customs. Selections on the African novelists place Things Fall Apart in the context of African literature and emphasize the difference between African and Western elements of fiction. A concluding chapter examines the debate on writing African novels in ex-colonizers' languages. This casebook will greatly enhance the reader's appreciation of the novel and understanding of Igbo history, society, culture, and civilization. **A Short History of Chinua Achebe's Things Fall Apart** Terri

Ochiagha, 2018-11-12 The publication of Chinua Achebe's Things Fall Apart in 1958 is heralded as the inaugural moment of modern African fiction, and the book remains the most widely read African novel of all time. Translated into dozens of languages, it has sold more than twelve million copies and has become a canonical reading in schools the world over. While Things Fall Apart is neither the first African novel to be published in the West nor necessarily the most critically valued, its iconic status has surpassed even that of its author. Until now, in the sixtieth anniversary year of its publication, there has not been an updated history that moves beyond the book's commonly discussed contexts and themes. In this accessible and concise A Short History of Chinua Achebe's Things Fall Apart, Terri Ochiagha provides that history, asking new questions and bringing to wider attention unfamiliar but crucial elements of the Things Fall Apart story. These include new insights into questions of canonicity and into literary, historiographical, and precolonial aesthetic influences. She also assesses adaptations

and appropriations not just in films but in theater hip hop and popular literary genres such as Onitsha Market Literature

**Things Fall Apart?** Pauline von Hellermann,2013-09-01 Governance failure and corruption are increasingly identified as key causes of tropical deforestation In Nigeria's Edo State once the showcase of scientific forestry in West Africa large scale forest conversion and the virtual depletion of timber stocks are invariably attributed to recent failures in forest management and are seen as yet another instance of how things fall apart in Nigeria Through an in depth historical and ethnographic study of forestry in Edo State this book challenges this routine linking of political and ecological crisis narratives It shows that the roots of many of today's problems lie in scientific forest management itself rather than its recent abandonment and moreover that many illegal local practices improve rather than reduce biodiversity and forest cover The book therefore challenges preconceptions about contemporary Nigeria and highlights the need to reevaluate current understandings of what constitutes good governance in tropical forestry

Debt, Law, Realism Neil ten Kortenaar, 2021-06-10 In the decade before and after independence Nigerians not only adopted the novel but reinvented the genre Nigerian novels imagined the new state with its ideals of the rule of law state sovereignty and a centralized administration *Debt Law Realism* argues that Nigerian novels were not written for a Western audience as often stated but to teach fellow citizens how to envision the state The first Nigerian novels were overwhelmingly realist because realism was a way to convey the understanding shared by all subject to the rule of law Debt was an important theme used to illustrate the social trust needed to live with strangers But the novelists felt an ambivalence towards the state which had been imposed by colonial military might Even as they embraced the ideal of the rule of law they kept alive a memory of other ways of governing themselves Many of the first novelists including Chinua Achebe were Igbos a people who had been historically stateless and for whom justice had been a matter of interpersonal relations consensus and reciprocity rather than

a citizen's subordination to a higher authority Debt Law Realism reads African novels as political philosophy offering important lessons about the foundations of social trust the principle of succession and the nature of sovereignty authority and law
