and Action brings together the study of the philosophy of action and Jacques Lacan's psychoanalytic theory. Drawing on the works of Freud and Lacan, this book examines desire and the unconscious as key frameworks for understanding action. Londo Paredes explores key premises in the philosophy of action while demonstrating how these may fall short in light of Lacan's ideas. The book proposes an alternative to dominant philosophical interpretations, exploring Lacan's framework through concepts such as the graph, the act, the transgressive act, acting out, and passage à l'acte. The paradoxes of action, along with forms of action that carry moral and symbolic weight, are examined from a psychoanalytic perspective, helping us to understand the interpretive boundaries of action. By intertwining philosophical and psychoanalytic perspectives with clinical illustrations of real crimes, the book offers a fresh approach to action and act. A Psychoanalysis of Act and Action will be essential for psychoanalytically informed readers interested in Lacan. It will also be of interest to academics and scholars of the philosophy of mind and action, cultural studies, criminology, and mental disorders.

Julius Caesar: A Captivating Guide to a Queen of Ancient Egypt (A Captivating Guide to One of the Greatest Generals in Ancient Rome) Jeremy Johnson, This book will satisfy your curiosity and hopefully inspire you to go out and learn even more. With handy comparisons to the modern world, the life of Rome and the ancient world will become more tangible and easier to imagine than ever before. It's time Caesar walked off the dusty shelves out of the history books and into our minds as the living, breathing, brilliant, sneaky, brave, and intriguing man that he was. Take a trip like no other through the streets of ancient Rome from the butcher shop to the throne with the famous ruler himself as your guide. You'll discover the early life of Cleopatra, her exile and journey to reclaim her throne, the Egyptian queen's wealth and the golden city of Alexandria, her legendary encounter with Julius Caesar and the beginning of their alliance, how the Romans pictured the young queen, her challenges in governing the land of Egypt, and how she overcame a drought. A little over 2000 years ago, a man named Julius Caesar changed the world. Even if you had never heard of him, his lasting legacy has no doubt had an impact on your life. No doubt even the very calendar that you use is based upon the system he created with the month of July bearing his name. So who was this man that singlehandedly changed the course of history?
