Foundations of Pediatric Practice for the Occupational Therapy Assistant Amy Wagenfeld, DeLana Honaker, 2024-06-01

Foundations of Pediatric Practice for the Occupational Therapy Assistant Second Edition delivers essential information for occupational therapy assistant students and practitioners in a succinct and straightforward format. In collaboration with a wide range of highly skilled and expert professionals from clinical practice and academia, Amy Wagenfeld, Jennifer Kaldenberg, and DeLana Honaker present an interprofessional perspective to pediatric clinical foundations theory and practical application activities in a highly accessible and engaging format. The Second Edition of Foundations of Pediatric Practice for the Occupational Therapy Assistant offers new and engaging features including diverse illustrations to facilitate learning from the classroom to the clinic. Integrated within each chapter are Stories From Practice, brief vignettes of actual author clinical experiences, short case studies, and reflective activities designed to elicit discussion and exploration into the unique world of pediatric occupational therapy theory and practice. A new chapter on childhood trauma has been added to enhance the comprehensive and current nature of pediatric practice in the 21st century. Available online is a significant Major Infant Reflexes Chart and a comprehensive Normal Developmental Milestones Chart that will reinforce important concepts associated with child development as it relates to occupational therapy assistant practice. The seamless integration of this material enables all readers to develop a comprehensive understanding of the information and apply that knowledge in a pediatric setting.

Features of the Second Edition:

- Up to date information including the AOTA's current Occupational Therapy Code of Ethics
- Stories From Practice feature which provides a unique reflective link from classroom to clinic
- Useful resources for classroom to clinical practice
- Bonus website that provides a comprehensive Normal Developmental Milestones Chart and Major Infants Reflexes Chart
- Chapter on childhood trauma

Included with the text are online supplemental materials for faculty use in the classroom. Foundations of Pediatric Practice for the Occupational Therapy Assistant Second Edition continues to be the perfect text for both occupational therapy assistant students and practitioners specializing in or transitioning to pediatrics.

To Hold Up the Sky Cixin Liu, 2020-10-20

From New York Times bestselling author Cixin Liu comes a short story collection of captivating visions of the future and incredible reimaginings of the past. In *To Hold Up the Sky*, Cixin Liu takes us across time and space from a rural mountain community where elementary students must use physics to prevent an alien invasion to coal mines in northern China where new technology will either save lives or unleash a fire that will burn for centuries to a time very much like our own when superstring computers predict our every move to 10,000 years in the future when humanity is finally able to begin anew to the very collapse of the universe itself. Written between 1999 and 2017 and never before published in English, these stories came into being during decades of major change in China and will take you across time and space through the eyes of one of science fiction's most visionary writers. Experience the limitless and pure joy of Cixin Liu's writing and imagination in this stunning collection. Stories included are *Contraction*, *Full Spectrum*.
