

QUOTATION MARKS

Quotation marks, often shortened as "quotes" or "inverted commas", are used to attribute a quote or citation to an individual. Quotations marks indicate that the exact words taken from a source have been used, and they serve an important purpose in academic writing.

Types of Quotation Marks

- **Single Straight Quotation Marks:** used to emphasize words or phrases within a larger sentence, as well as for denoting titles of short stories or articles.
- **Single Curved or Angle Quotation Marks:** used in place of single straight marks when the size of the font prohibits using single straight marks effectively..
- **Double Straight Quotation Marks:** used at the start and end of longer quotations — usually more than three lines — which appear within another sentence but have their own internal punctuation that needs marking off.

When to Use Quotation Marks

- Quote What Other People Say
- Highlight Special Terms or Phrases
- Supply Titles of Books, TV Shows & Movies
- Indicate Dictionaries Definitions
- Enclose Direct Speech Within Openings & Closings Stories and Essays
