Encyclopedia of Distance Learning, Second Edition Rogers, Patricia L., Berg, Gary A., Boettcher, Judith V., Howard, Caroline, Justice, Lorraine, Schenk, Karen D., 2009-01-31 Offers comprehensive coverage of the issues concepts trends and technologies of distance learning Banking World, 1985 **Preparing for Blockade 1885-1914** Stephen Cobb, 2016-04-08 Today the First World War is remembered chiefly for the carnage of the Western Front but at the time the Royal Navy's blockade of Germany was a more frequent source of debate For even at a time of war there were influential voices in Britain who baulked at a concept of economic warfare that hindered the free passage of goods on the high seas and brought German society to the brink of famine To further our understanding of these issues this book looks at the background to the blockade and the effects of its implementation in 1914 It argues that there was a widely shared but largely unwritten strategic culture within British naval circles which accepted that in a war with a major maritime power the British response would be to attack enemy trade This is demonstrated by the fact that from at least the late 1880s the Royal Navy planned for the use of armed merchantmen to enforce an economic blockade of an enemy This it did by entering into detailed arrangements with major British shipping companies for the design and subsidy of liners with the potential for use as merchant cruisers and stockpiling their prospective armament In line with the contemporary Corbettian view that seapower depends upon free communications the book concludes by asserting that the primary role of the Grand Fleet in the First World War was to guarantee the ability of the merchant cruisers on the Northern Patrol to interdict German seaborne trade rather than to engage in large set piece battles Graduate Programs in Business, Education, Information Studies, Law & Social Work 2014 (Grad 6) Peterson's, 2013-12-20 Peterson's Graduate Programs in Business Education Information Studies Law Social Work 2014 contains comprehensive profiles of more than 11 000 graduate programs in disciplines such as accounting finance business administration management education human resources international business law library information studies marketing social work transportation management and more Up to date info collected through Peterson's Annual Survey of Graduate and Professional Institutions provides valuable data on degree offerings professional accreditation jointly offered degrees part time evening weekend programs postbaccalaureate distance degrees faculty students requirements expenses financial support faculty research and unit head and application contact information There are helpful links to in depth descriptions about a specific graduate program or department faculty members and their research and more Also find valuable articles on financial assistance the graduate admissions process advice for international and minority students and facts about accreditation with a current list of accrediting agencies 2025-26 UKPSC/UPPSC
