Economics was developed on the premise that economics is a core competency for the responsible citizen and a foundation tool for every type of career. The Bade Parkin package is designed to encourage learning by doing. Each chapter concentrates on a manageable number of core concepts that are called out in the beginning of chapter Checklist. Students know what they are expected to learn and are given the chance to apply those lessons to real world problems. Practice is the cornerstone of the innovative Bade Parkin approach. A full page Checkpoint containing a Practice Problem with solution and a parallel Exercise immediately follows each main idea. Checkpoints serve as stopping points and encourage students to practice using a concept before moving on. Different learning styles need different learning tools and Bade Parkin's extensive and tightly integrated web environment puts students in the driver's seat and allows them to use technology in the way that suits them best.
