

Graduation Valedictorian Speech Format

Today is a turning point in each of our lives. We have spent the past years wandering the halls of this great school and now we are ready to go on.

We have learned, laughed, loved, gotten into trouble, and most of all matured together. But today doesn't just concern reminiscing about the past; it's also about looking forward into our future.

Life is a series of passageways, and we are leaving one and moving on to the next. When we reach that daunting place next year that has been our destination for three years now, we will start over.

We will meet new people, make new friends, and learn new things. We will grow older, more responsible, and independent. Then, the cycle begins again in college, and after that, we are left to traverse the unmapped expanse that is our future.

Hereafter our lives will hold many surprises for us, but I'm sure that we will approach challenges with the same boldness and equanimity with which we tackle problems currently. The unknown of our future may seem frightening now, looming over us like a dark thundercloud, but we might find that it is just a light, spring rain that brings the tidings of a rainbow.

As I look over the many faces I behold today, perceptions of individuals are washed away. I no longer see people as they were; I see them as they will be. So, rather than a young boy, failing all his classes, I see the next Einstein, making revolutionary discoveries. I know that this amphitheatre holds the next decade's great business leaders, doctors, politicians, scientists, and stars, and that all of these graduates will contribute to the fabric of the future in some way.

So when looking at the bright horizon that is my future, I am happy. For although my life will contain sadness and heartbreak, it will also hold joy, love, and success. And I know my classmates' will too. So don't look back, and regret, my friends, look forward, and smile.

The Russian Kurosawa Olga V. Solovieva, 2023 Offers a new historical and thematic perspective on the work of the renowned Japanese director Akira Kurosawa through a detailed discussion of the four films he made based on Russian sources

Diggin' Hard S.S Miller, 2014-05-14 Diggin Hard clearly states my experiences and struggles with taking ownership of my education This book is not only important to me but to anyone who wants success This book is essential because it will give anyone the resilience to rise up and above everything and anything and to go after his or her dreams and aspirations in life Diggin Hard will cover the topics of loneliness love resilience and passion This book talks about areas in my life where I struggle to find true friendship during my adolescent years How I discover the meaning of love not intimacy but true genuine love through God and my dad How my struggles built me and made me resilient and my passion for learning and making education my foundation

The U.S. Primary and Secondary Educational Process Frank E. Armbruster, Paul J. Bracken, 1975

Civic Education in Polarized Times Elizabeth Beaumont, Eric Beerbohm, 2024-07-23 Reveals the possibilities and challenges of civic education in circumstances of extreme polarization and how civic learning and political divisiveness can interact and influence each other As fears about polarization and its contribution to democratic crisis and corrosion rise many people have posited civic education as a possible remedy In a time of increasing political polarization what should the goals of civic education be and how should they be implemented In the latest installment of the NOMOS series Eric Beerbohm and Elizabeth Beaumont bring together a distinguished group of interdisciplinary scholars across philosophy politics and law inviting us to think deeply about the complex promises and pitfalls of civic education Contributors raise a variety of crucial considerations not only about how to educate citizens in a polarized era but also for a polarized era What types of civic learning hold promise for preparing students to navigate their way through a political landscape of escalating hostile factions distrust truth decay and disagreement about basic facts Could or should civic education attempt to reduce or counteract polarization or should it focus on other aims Beaumont and Beerbohm show us that the dynamics and circumstances of polarization do not stop at the schoolhouse gates but bring new urgency together with added pressures and constraints to all civic education As political polarization continues to intensify across the globe this riveting volume illuminates the significance the possibilities and the challenges of civic education in the contemporary era

Education and Equality in Japan William K. Cummings, 2014-07-14 On the basis of direct personal observation in the classroom systematically gathered data and extensive reading in primary sources the author provides a rich description of how a society can be gradually transformed by the educational process in its schools He then relates this process to the problems of the advanced industrial world Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable

paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 America's First Ladies Nancy Hendricks, 2015-10-13 Meet the First Ladies of the United States sometimes inspiring sometimes tragic always fascinating women who though often unsung helped hold the nation together in its infancy and advance it as a world power More than simply serving as America's hostesses many of the nation's First Ladies played vital roles in shaping their husband's presidency and serving as political activists in their own right From Martha Washington to Michelle Obama their inspiring stories come alive in this handsomely illustrated encyclopedia Within its pages the First Ladies are revealed as human beings who one day awoke to find the eyes of the world upon them The book differs from others by showcasing America's First Ladies in their own words as flesh and blood individuals Readers will discover which First Lady held off Napoleon's army with a toy sword why women had to be pale frail and ailing and which First Lady was called Sunshine and which was Hellcat Each entry includes a biographical essay that details the life of the woman and places her within the political social and cultural context of her time Each also offers a related primary document that helps define the First Lady's legacy as well as a short bibliography for further information Written in a lively compelling style this highly readable volume is perfect for junior high high school and college students as well as the general public **Racing to the Top Using**

Mathematics and Science Dr. LTC RET. CHET Goodwin, 2012-03-27 Racing to the Top Using Math and Science is the true story about how the author used wisdom Math and Science in and outside the classroom to become valedictorian of his high school class Voting as a Christian: The Social Issues Wayne A. Grudem, 2012-02-07 God intended the Bible to give guidance to every area of life including how governments should function Derived from author Wayne Grudem's Politics According to the Bible this book highlights those social issues that have dominated political debate recently and is a must read for any Christian concerned about current debates over social issues such as Abortion Education Homosexual marriage Pornography Religious freedom Throughout Wayne Grudem author of the bestselling Systematic Theology supports political positions that would be called more conservative than liberal However it is important to understand that I see these positions as flowing out of the Bible's teachings rather than positions I hold prior to or independently of those biblical teachings he writes My primary purpose in the book is not to be liberal or conservative or Democrat or Republican but to explain a biblical worldview and a biblical perspective on issues of politics law and government Not every reader will agree with the book's conclusions But by grounding his analysis deeply on Scripture Grudem has equipped Christians to better understand and respond to some of today's key political debates wisely and in a manner consistent with their primary citizenship as members and ambassadors of the kingdom of God **Journal of the Florida Education Association** Florida Education

Association, 1928 **New England at 400** Eric D. Lehman, 2019-12-17 At the 400th anniversary of the pilgrims arrival 1620 2020 it's time to look back commemorate and reflect on what New England has meant to its people and to the world New

England at 400 From Plymouth Rock to Present Day describes how every generation of immigrants and natives Puritans and patriots has defined this land anew It is a story of transformation but also continuity since New England embodies both a collective philosophy and a shared past Each chapter covers a decade of important incidents and events that defined or shaped the regional character land and culture

Love's Promises Martha M. Ertman, 2016-05-24 Blends memoir and legal cases to show how contracts can create family relationships Most people think of love and contracts as strange bedfellows or even opposites In Love s Promises however law professor Martha Ertman shows that far from cold and calculating contracts shape and sustain families Blending memoir and law Ertman delves into the legal cases anecdotes and history of family law to show that love comes in different packages each shaped by different contracts and mini contracts she calls deals Family law should and often does recognize that variety because legal rules like relationships aren t one size fits all The most common form of family which Ertman calls Plan A come into being through different kinds of agreements than the more uncommon families that she dubs Plan B Recognizing the contractual core of all families shows that Plan B is neither unnatural nor unworthy of legal recognition just different After telling her own moving and often irreverent story about becoming part of a Plan B family of two moms and a dad raising a child Ertman shows that all kinds of people straight and gay married and single related by adoption or by genetics use contracts to shape their relationships As couples navigate marriage reproductive technologies adoption and cohabitation they encounter contracts Sometimes hidden and other times openly acknowledged these contracts ensure that the people they think of as family are legally recognized as family in the eyes of the law Family exchanges can be substantial like vows of fidelity or small like I cook and you clean But regardless of scope the agreements shape the emotional social and financial terrain of family relationships Seeing the instrumental role contracts will help readers better understand how contracts and deals work in their own families as well as those around them Both insightful and paradigm shifting Love s Promises lets readers in on the power of contracts and deals to support love in its many forms and to honor the different ways that our nearest and dearest contribute to our daily lives
