mass society in the twentieth century this book considers five major areas politics welfare media leisure and youth culture In each section two well known specialists one from each country examine the conditions behind the rise of a mass society and show how these conditions were distinctively British or Dutch Drawing on history cultural studies and sociology the authors bring new insight into the development of modern European society **The End of the Century Party** Steve Redhead,1990 This book offers an alternative perspective on popular music and youth culture in the 1980s and beyond Based on interviews with disc jockeys record label owners musicians producers and fans it describes and analyses the shift from New Pop in the early 1980s to what it calls Political Pop in the mid late 1980s From synopsis **Sounds English** Nabeel Zuberi,2001 Zuberi looks at how the sounds images and lyrics of English popular music generate and critique ideas of national belonging recasting the social and even the physical landscapes of cities like Manchester and London The Smiths and Morrissey play on romanticized notions of the white English working class while the Pet Shop Boys map a queer urban Britain in the AIDS era The techno culture of raves and dance clubs incorporates both an anti institutional do it yourself politics and emergent leisure practices while the potent mix of technology and creativity in British black music includes local conditions as well as a sense of global diaspora British Asian musicians drawing on Afrodiasporic and South Asian traditions seek a sense of place in Britain as commercial interests try to pin down an image of them to market Sounds English shows how popular music complicates cherished notions of Englishness as it activates cultural outsiders and taps into a sense of not belonging BOOK JACKET **International interdisciplinary conference "Sketch a subculture"** Jerome Krase,Oleg Maltsev,Douglas Kellner,Steve Gennaro,Elizabeth Haas-Edersheim,Massimo Introvigne,Liudmyla Fylypovych,Frederick Lawrence,Matthew Worley,Lucien Oulabbib,Marco Andreacchio,Nick Ienatsch,Simon McGregor-Wood,Mikhail Minakov,Bernardo Attias,Gavin Watson,Derek Ridgers,Paul Hockenos,Athina Karatzogianni,Paul Rhoads,Ross Haenfler,Phil Cohen,Maxim Lepskiy,Iryna Lopatiuk,Avi Nardia,Sanjay Soekhoe,Marco Trovato,Federico Roso,Costantino Slobodyanyuk,Vitalii Lunov,Igor Kaprysin,Vladimir Skvoretz,Maria Kulyk,Aimar Ventsel,Eduard Boyko, Collected Papers of the International interdisciplinary conference Sketch a subculture Subcultures can be so tightly integrated into the contemporary person's daily life that they have become almost indispensable and ubiquitous Family job agreements responsibilities and negotiations are one thing but let us say skydiving or riding a bike in the company of motorcycle enthusiasts is a different thing no less an important part of one's life The current state of affairs is that almost everyone on this planet belongs to some subculture in one way or another This another natural part of one's lifestyle for pleasure is not always considered a subculture but the heart of the matter does not change because of this To the point a person might be a part of more than one subculture and at the same time know nothing about what it may lead to they may know nothing about the possible scenarios goals and intentions of this environment Even the most attractive and mysteriously formulated idea for example attaining Nirvana remains something inconceivable for what is Nirvana and how to understand that this state has been achieved is unknown The idea has no

explanations no criteria and no parameters And yet this does not stop people from pursuing ideas as such Many voluntarily strive for something they know practically nothing about Why are subcultures so attractive Why have they become magnets to researchers professionals and business persons among all others These and many other questions require innovative approaches and an unbiased dialogue in an understandable scientific language The International interdisciplinary conference Sketch a subculture united leading experts scientists researchers practitioners journalists photographers and thinkers for this discussion on 6 different online panels where the following questions were discussed 1 Problems of choosing a research path in studying a subculture 2 Plan of researching a subculture from the idea to the completion of the research from mythological and religious to scientific and philosophical worldviews 3 From mythologemes to ideas as foundational elements of subculture formation Approaches for researching mythologemes that underlie the philosophy of a subculture 4 Approaches for studying the hierarchy of subcultures Can we claim that the hierarchical structure of all subcultures is identical 5 Ways to explore the attributes and symbols of subcultures 6 The phenomenon of Subculture in Subculture and characteristics of its study The synthesis of ideas in the subculture reasons for the existence of subcultures invisible internal mechanisms that maintain their continuance 7 Frederick Lawrence s drawing as the purpose of subculture research 8 Can we consider a subculture as a machine that shapes a personality The idea of death and different ways of implementing this idea by subcultures in daily life 9 Frederick Lawrence s drawing the theory of subculture formation application of prototype method to understand phenomena 10 Is it true that one idea forms a whole subculture The pathway in subculture fatal and successful 11 The difference between subculture and religion What are specific elements that shape each institution 12 Use of religion by other social institutions business politics etc for their own purposes Religion transformation from divine transcendence to the universal society based on techno ideological principles Between Marx and Coca-Cola Axel Schildt, Detlef Siegfried, 2006-12-01 In the 1960s and 1970s Western Europe s Golden Age Eric Hobsbawm a new youth consciousness emerged which gave this period its distinctive character Offering rich and new material this volume moves beyond the easy conflation of youth culture and Americanization and instead sets out to show for the first time how international developments fused with national traditions to produce specific youth cultures that became the leading trendsetters of emergent post industrial Western societies It presents a multi faceted portrait of European youth cultures colored by differences in gender class and education and points out the tension between emerging consumerism and growing politicisation succinctly expressed by Jean Luc Godard in his 1967 pairing of Marx and Coca Cola **About Criminals** Mark Pogrebin, 2011-12-09 This book presents students with recent and important research on criminal behavior The articles in this anthology all based on actual field studies provide the reader with a realistic portrayal of what actual offenders say about crime and their participation in it The offenders voices along with the researchers analyses offer students a real life view of what how and why various criminals behave the way they do **Different Tracks** Steve Millward, 2014-09-28 1970

signalled the end of an era The Swinging Sixties came to a crashing halt as the world seemed to be changing for the worse Ideological and generational rifts became deeper and violent protest more commonplace Politicians dealt with realities not dreams The Vietnam War dragged on As ever popular culture mirrored it all with the death of Jimi Hendrix and the break up of The Beatles Yet these apparent crises produced a climate in which new ideas could develop pointing the way to a decade when creativity and tumult went hand in hand In *Different Tracks* his follow up to *Changing Times Music and Politics* In 1964 Steve Millward charts the major events of 1970 and the reaction they provoked from the increased militancy of the Black Panthers the Baader Meinhof Gang and the Angry Brigade to the new ways of living advocated by foodists feminists and futurists At the same time he makes the connections to a thriving music scene where singer songwriters such as Joni Mitchell and Nick Drake rubbed shoulders with innovators like Curtis Mayfield and Frank Zappa He shows how James Brown defined funk prog bands reached a peak of extravagance and the search was on to fuse rock with jazz folk and classical music *Different Tracks* is the second book in a trilogy spanning 1964-74 It will appeal to all music fans especially those looking for fresh insights into a turbulent and dynamic epoch

World Fascism Cyprian Blamires, 2006-09-18 This book shows how during the 20th century evils such as totalitarianism tyranny war and genocide became indelibly linked to the fascist cause and examines the enduring and popular appeal of an ideology that has counted princes poets and war heroes among its most fervent adherents From the followers of Hajj Amin Al Husseini the Arab leader who met with Adolf Hitler in November 1942 to the murderous death squads of the Croatian Ustasha to certain members of the British Establishment fascism's heady brew of extreme nationalism and revolutionary violence has attracted followers from across all religions races and classes Now widely reviled fascism became an immensely powerful political force in Western Europe throughout the 1930s and into the 1940s How did civilized nations like Italy Germany Austria and others succumb to an ideology now regarded by the political mainstream as barbarous and beyond the pale World Fascism A Historical Encyclopedia covers all the key personalities and movements throughout the history of fascism and brings to light some of the ideology's lesser known aspects from Hindu extremists in India to the influential role of certain women in fascist movements How did an ideology which was openly boastful of its belief in violence come to seduce the elites of some of the most civilized nations on earth What can explain fascism's enduring appeal
