Skoda Octavia A4 Service Schedule:

In One Word Michael Behnke, 2025-05-26 In One Word analyzes and discusses the underlying dynamics as well as the unique technique and methodology of defining a brand's value proposition in just one word. This book offers deep insights to marketers and communication professionals helping them to better understand what it takes to build successful brands. Many of today's power brands are succeeding in defining what they stand for in a single word. When executed properly, a one word brand positioning is unleashing powerful synergies in the brand building and management process by aligning everyone involved in the same strategic direction. Through this approach, a company's resourcefulness, energy, and creativity are being bundled and directed towards the same objective. In this surprising approach to branding, a single word is ultimately driving the entire brand-related marketing and sales operation. For instance, Glamour drives the L'Oréal Paris brand while Nivea stands for Care. Michael Behnke provides practical guidance on building power brands, offering tangible advice and real-life illustrations to empower branding professionals in their quest to build unique brands that deliver rewarding results.
