and the insurrection that it yet to come **Reckoning with Slavery** Jennifer L. Morgan, 2021-04-26 In *Reckoning with Slavery* Jennifer L. Morgan draws on the lived experiences of enslaved African women in the sixteenth and seventeenth centuries to reveal the contours of early modern notions of trade race and commodification in the Black Atlantic From capture to transport to sale to childbirth these women were demographically counted as commodities during the Middle Passage vulnerable to rape separated from their kin at slave markets and subject to laws that enslaved their children upon birth In this way they were central to the binding of reproductive labor with kinship racial hierarchy and the economics of slavery Throughout this groundbreaking study Morgan demonstrates that the development of Western notions of value and race occurred simultaneously In so doing she illustrates how racial capitalism denied the enslaved their kinship and affective ties while simultaneously relying on kinship to reproduce and enforce slavery through enslaved female bodies *Jihād in West Africa during the Age of Revolutions* Paul E. Lovejoy, 2016-11-30 In *Jihād in West Africa during the Age of Revolutions* a preeminent historian of Africa argues that scholars of the Americas and the Atlantic world have not given Africa its due consideration as part of either the Atlantic world or the age of revolutions The book examines the jihād movement in the context of the age of revolutions commonly associated with the American and French revolutions and the erosion of European imperialist powers and shows how West Africa too experienced a period of profound political change in the late eighteenth through the mid nineteenth centuries Paul E. Lovejoy argues that West Africa was a vital actor in the Atlantic world and has wrongly been excluded from analyses of the period Among its chief contributions the book reconceptualizes slavery Lovejoy shows that during the decades in question slavery expanded extensively not only in the southern United States Cuba and Brazil but also in the jihād states of West Africa In particular this expansion occurred in the Muslim states of the Sokoto Caliphate Fuuta Jalon and Fuuta Toro At the same time he offers new information on the role antislavery activity in West Africa played in the Atlantic slave trade and the African diaspora Finally *Jihād in West Africa during the Age of Revolutions* provides unprecedented context for the political and cultural role of Islam in Africa and of the concept of jihād in particular from the eighteenth century into the present Understanding that there is a long tradition of jihād in West Africa Lovejoy argues helps correct the current distortion in understanding the contemporary jihād movement in the Middle East Afghanistan Pakistan and Africa
