Vaal University Admission Requirement:

Homeschooling High School Shirley Erwee, 2014-08-28 Prospective homeschoolers are parents looking for an alternative to the mainstream educational system for their offspring But homeschooling children at high school level strikes fear into even the most dedicated of homeschoolers They need information and answers to their questions And with the current educational and unemployment problems in South Africa young people need clear direction and guidance to help them achieve their goals In addition to exploring the popular ways to gaining a recognised matric certificate outside the formal school system Homeschooling High School also challenges readers to rethink their values particularly the value they place on certification and to consider some unconventional or alternative paths to success In a clearly presented format the book includes advice on legal matters identifying appropriate courses sourcing study material tips on entrepreneurship financing tertiary studies and the testimonies of successful homeschooled graduates Homeschooling High School is a comprehensive guide to plotting a path through high school and beyond Redefining Education and Development Kaitano Dube, 2024-10-18 The book aligns with the United Nations Sustainable Development Goals SDGs particularly Goal 4 which focuses on quality education It explores the evolving role of education as a critical driver for achieving all 17 SDGs by providing a platform for discussing innovative educational models and theories that foster sustainable development The book takes an interdisciplinary approach merging educational theory developmental practice and human psychology to address complex global challenges hindering sustainable development The book includes case studies and empirical research such as exploring student entrepreneurship in the agricultural sector and the factors bridging the gap between entrepreneurial intention and venture creation These examples provide readers with practical applications of theoretical concepts and demonstrate the real world impact of educational innovations which is at the core of education delivery for all and how education touches on other areas of the SDGs The book offers valuable insights for policymakers educators and development practitioners by presenting research and theory based analyses It suggests ways to improve the academic environment to foster entrepreneurship and innovation which are key to economic development and job creation especially in regions with high youth unemployment rates The content suggests educational reforms that are responsive to the changing societal and economic landscapes The book's blend of theory and practice targets a broad audience including academic scholars students development agencies non governmental organisations and policymakers It seeks to engage these diverse readers in a conversation about the future of education and its role in achieving sustainable development In summary the book seeks to provide a comprehensive exploration of the nexus between education development and human needs in the context of the SDGs offering innovative perspectives and practical solutions to equip readers to contribute to sustainable global development **Guide to Higher Education in Africa, 4th Edition** International Association of Universities, 2007 The fourth edition of The Guide to Higher Education in Africa contains reliable and up to the minute information on higher

education throughout Africa over 900 institutions in 47 countries plus details of national education systems and agencies in a single reference source **International Handbook of Universities** ,2010 Deanship in the Global South Oliver J.J. Seale,2021-02-08 The university today is a postmodern neo liberal competitive boundary less knowledge conglomerate a far cry from its historical traditional classical and collegial roots There is a body of literature on deanship that points to its evolving nature in the contemporary academe characterised by complexity and change Balancing academic demands simultaneously with the requirements for effective performance leadership and management lies at the heart of this very challenging bridging role nowadays Deans are generally former academics emerging from a traditional collegial space and often catapulted into the relatively unknown domain of executive management with its related problems Deans nowadays are required to be more than collegial intellectual leaders They are also meant to be fiscal and human resource experts fundraisers politicians and diplomats Deanship in the Global South Bridging Troubled Waters is about the deans lived reality as they try to balance the demands of both the academe from which they emerge and the administration to whom they now need to account Their lack of preparation and inadequate support points to the need for a more strategic integrated approach to leadership development within their critical bridging roles between the academe and administration *South Africa* ,1993 **Study Opportunities at Universities and Possible Initial Occupations, 1992/1993** H. Craemer,1992 **The A to Z of Careers in South Africa** ,2006 Studiegeleentehede Aan Universiteite Joan Roodt,1994 This guide is a summary of approximately 550 study opportunities and possible occupations in the Republic of South Africa that can be pursued by persons with degrees diplomas or certificates The study opportunities are organized by field of study For each opportunity the following information is provided field of study possible occupation s name of degree diploma certificate where the study opportunity is available language medium of institution duration of study entry qualifications and subjects required subjects recommended selection basis and fees for courses The guide which is presented in English and Afrikaans also contains an alphabetical list of fields of study for which study opportunities exist the possible occupations that can be pursued by persons with degrees and a list of the universities and their addresses JDD Theorising Curriculum in Unsettling Times in African Higher Education Kehdinga George Fomunyam,2023-12-15 Curriculum and all its discourses constitute the heart of education and all its paraphernalia and largely informs the happenings in higher education or universities As a result of the importance of curriculum all scholars in the field of education in general claim or appear to claim expertise in all things curriculum and how the field should unfold These struggles in the field of curriculum studies are made more complex by the unstable times the world as a whole and higher education in particular is currently facing The world in general and higher education in particular is currently dealing with and striving to readjust to the new normal and abnormalities created by the Coronavirus disease 2019 COVID 19 pandemic the calls for decolonisation the Fourth Industrial Revolution 4IR and other contextual crises in different nations across the African continent This book takes on all things

curriculum in higher education placing them within the context of time and circumstances so as to articulate a way forward for the field in this unsettling times
