Solitude Dialogue Sur L Engagement:

Mathematics and Information in the Philosophy of Michel Serres Vera Bühlmann, 2020-02-20 This book introduces the reader to Serres unique manner of doing philosophy that can be traced throughout his entire oeuvre namely as a novel manner of bearing witness It explores how Serres takes note of a range of epistemologically unsettling situations which he understands as arising from the short circuit of a proprietary notion of capital with a praxis of science that commits itself to a form of reasoning which privileges the most direct path simple method in order to expend minimal efforts while pursuing maximal efficiency In Serres universal economy value is considered as a function of rarity not as a stock of resources This book demonstrates how Michel Serres has developed an architectonics that is coefficient with nature Mathematic and Information in the Philosophy of Michel Serres acquaints the reader with Serres monist manner of addressing the universality and the power of knowledge that is at once also the anonymous and empty faculty of incandescent inventive thought The chapters of the book demarcate problematize and contextualize some of the epistemologically unsettling situations Serres addresses whilst also examining the particular manner in which he responds to and converses with these situations

In Dialogue with Michèle Le Doeuff Pamela Sue Anderson, Michele Le Doeuff, 2023-11-16 The work of Michèle Le Doeuff creatively disrupts established notions of what philosophy might be Far from being a discipline about the leader and the disciple a hierarchy of knowledge and paternalism Le Doeuff proposes a philosophy of dialogue and friendship The conversations in this book explore how this philosophy can be enacted and explored and show how openness and generosity can be the starting point of truly rigorous thinking Introduced and curated by the late philosopher Pamela Sue Anderson In Dialogue with Michèle Le Doeuff explores themes like contemporary feminism joy in philosophy memory the significance of friendship to thinking and a key Le Doeuffian concept the imaginary Le Doeuff's interlocutors including Penelope Deutscher Elizabeth Fallaize and Meena Dhandha are some of the most significant thinkers in the fields of feminism and continental thought and provide insights and ways into considering philosophy as a profoundly dialogical exercise , **Repenser la nature : Dialogue philosophique, Europe, Asie...** Jean-Philippe Pierron, Marie-Hélène

Parizeau, 2012-07-16T00:00:00-04:00 Comment repenser la nature en ce début de XXI^e siècle entre les changements climatiques et la catastrophe nucléaire de Fukushima L'urgence de l'action ne peut court-circuiter la réflexion déjà amorcée depuis les années 1970 sur le rapport qu'entretient la modernité occidentale la nature Certains grands thèmes des philosophes de l'environnement américain la nature sauvage et la valeur intrinsèque de la nature méritent d'être confrontés à d'autres façons de penser la relation la nature Poster la question philosophique de la technique ou du lien entre le politique et l'environnement comme en témoignent les débats en Europe ou encore ouvrir sur une perspective esthétique ou une éthique relationnelle incluant les choses techniques comme cela est fait en Asie et au Japon en particulier apporte un regard différent Cet ouvrage analyse tour à tour les facettes de la technique moderne dans ses effets sur l'être humain et son environnement

partir de différentes perspectives philosophiques regard philosophique politique critique ou d'éthique appliquée Il ouvre le débat sur la question de la place de l'être humain dans la nature largit les perspectives au dialogue des cultures réfléchit sur les visées de la technique et de la science pour aujourd'hui et les générations futures rappelle que les solutions pratiques doivent être diversifiées et non unidimensionnelles et nous entraîne vers la participation citoyenne Comment penser ensemble de façon pluraliste et dans notre diversité culturelle la nature les technologies et l'éthique Tel est l'enjeu de ce dialogue philosophique compar
