one comprehensive volume The repertoire is ideal for first performances at music schools as pieces for competitions and
examinations or just as a treasure trove for teachers pupils students and guitar lovers The selected pieces can be played in
the second to fourth year of guitar lessons They are divided chronologically into five chapters and arranged progressively
according to their level of difficulty Each chapter refers to another epoch Renaissance Baroque Classical period Romanticism
and early 20th century modern pop and world music The result is a tune book which can already be used during or
immediately after studying any guitar method Most pieces can be played in the 1st and 2nd positions without requiring any
barr fingering or ties and slurs The somewhat more difficult pieces that require small and large barr fingering as well as
position playing are placed at the end of each chapter The majority of the pieces are original works and the editors have
refrained from making any radical simplifications Only a few difficult passages have alternatively been made easier to play
such that the level of difficulty within a piece does not vary too much
