London Sotheby's London,2005 **Horror Dogs** Brian Patrick Duggan,2023-08-07 How did beloved movie dogs become man killers like Cujo and his cinematic pack mates For the first time here is the fascinating history of canines in horror movies and why our best friends were and are still painted as malevolent Stretching back into Classical mythology treacherous hounds are found only sporadically in art and literature until the appearance of cinema s first horror dog Sherlock Holmes Hound of the Baskervilles The story intensifies through World War II s K 9 Corps to the 1970s animal horror films which broke social taboos about the good dog on screen and deliberately vilified certain breeds sometimes even fluffy lapdogs With behind the scenes insights from writers directors actors and dog trainers here are the flickering hounds of silent films through talkies and Technicolor to the latest computer generated brutes the supernatural rabid laboratory made alien feral and trained killers Cave Canem Beware the Dog or as one seminal film warned They re not pets anymore
