Chu,2010-11-30 In tough times we look outside ourselves for things to change instead of looking inward where true abundance resides It s tempting to downplay important values like generosity integrity and intuition These niceties can take a backseat because we think the world needs to change before we can find wealth But they are what make it possible to find prosperity no matter what happens in the world around us These inner traits help us reach our outer goals Ernest Chu s transformational concept of soul currency refers to both something we use to exchange value as with money and the circulation of a divine force in our lives Chu s own example as an entrepreneur who pulled himself out of crushing debt shows his practical ready to implement principles in action Soul currency bridges the material world of finance and the invisible world of Spirit allowing abundance to come to us and flow through us When we tap into the creative force of soul currency we can experience unprecedented abundance and fulfillment **Quantum Eating** Tonya Zavasta,2007-10

approach to the process of human transformation through dreams has been developed which recognises the interrelationship of the psychological and the spiritual and works with the mirroring body in service of both In the approach presented here dreams are seen as a mixture of worldly impressions and expressions of our individual spirit which is trying to speak to us through the metaphors and narrative of our dreams In this way the spiritual comes through the psychological dimension Though it may seem to be a contradiction our dreams hold the key to our awakening and by actively engaging with them we can unlock their potential for initiating and facilitating our own unfoldment This book is about recognising this process when it occurs in dreams and how to work with them in the service of our growth and self realisation **Whee! We, Wee All the Way Home** Matthew Fox,1980-06 This practical book leads us into a spirituality of passion that leads to compassion coming to our senses in every meaning of the phrase *Body & Soul (Watertown, Mass.)* ,2005 *Philo of Alexandria's Ethical Discourse* Nélide Naveros Córdova, CDP,2018-09-15 Philo of Alexandria's Ethical Discourse Living in the Power of Piety proposes a fresh approach to better understand Philo's ethics exploring the virtue of piety In this exceptionally well researched book Nélida Naveros Córdova analyzes five major uses of piety in Philo's treatises piety and the Decalogue piety as a foundational virtue piety as the opposite of impiety the practice of piety and the relationship between piety and love of humanity Naveros carefully examines each of these five uses within both the Hellenistic Jewish and Greek philosophical traditions focusing particularly on piety's primary role in Philo's teaching about the acquisition of virtues and the avoidance of vices Naveros argues that in his ethical discourse Philo incorporates language familiar in ancient Greek philosophical ethical systems to attribute qualities and powers to the virtue of piety This book illustrates the way Philo moves beyond both Hellenistic Jewish and Greek philosophical traditions by comprehensively showing how he develops the place of piety from being a subordinate virtue in Greek catalogue of virtues to becoming a foundational virtue Naveros brings evidence from ancient Greco Roman and major Hellenistic Jewish texts as well as modern secondary literature in order to argue and support a plausible case for the understanding of Philo's unique configuration of his own ethical discourse his view of virtue ethics and his philosophical stance To date this is an original study on Philo's ethics and the first to offer the fullest evaluation of piety within the categories of ancient ethical systems
