Journalism Next Mark Briggs, 2015-07-01 The Third Edition of Journalism Next A Practical Guide to Digital Reporting and Publishing is the most informed practical and succinct guide to digital technology for journalists Author Mark Briggs forward thinking techniques and accessible style

prepares today's journalists for tomorrow's media landscape transformations Readers will learn how to effectively blog crowdsource use mobile technology mine databases and expertly capture audio and video to report with immediacy cultivate community and convey compelling stories Briggs helps readers quickly improve their digital literacy by presenting the basics and building on them to progress towards more specialized skills within multimedia Readers will become equipped to better manage online communities and build an online audience Journalism Next is a quick yet valuable read that provides a detailed roadmap for journalists to reference time and time again Performing the News Elia Powers, 2024-09-13

Performing the News Identity Authority and the Myth of Neutrality explores how journalists from historically marginalized groups have long felt pressure to conform when performing for audiences Many speak with a flat neutral accent modify their delivery to hide distinctive vocal attributes dress conventionally to appeal to the average viewer and maintain a consistent appearance to avoid unwanted attention Their aim is what author Elia Powers refers to as performance neutrality presentation that is deemed unobjectionable reveals little about journalists social identity and supposedly does not detract from their message Increasingly journalists are challenging restrictive purportedly neutral forms of self presentation This book argues that performance neutrality is a myth that reinforces the status quo limits on air diversity and hinders efforts to make newsrooms more inclusive Through in depth interviews with journalists in broadcasting and podcasting and those who shape their performance the author suggests ways to make journalism more inclusive and representative of diverse audiences

The Principles of Multimedia Journalism Richard Koci Hernandez, Jeremy Rue, 2015-06-26 In this much needed examination of the principles of multimedia journalism experienced journalists Richard Koci Hernandez and Jeremy Rue systemize and categorize the characteristics of the new often experimental story forms that appear on today's digital news platforms By identifying a classification of digital news packages and introducing a new vocabulary for how content is packaged and presented the authors give students and professionals alike a way to talk about and understand the importance of story design in an era of convergence storytelling Online all forms of media are on the table audio video images graphics and text are available to journalists at any type of media company as components with which to tell a story This book provides insider instruction on how to package and interweave the different media forms together into an effective narrative structure Featuring interviews with some of the most exceptional storytellers and innovators of our time including web and interactive producers at the New York Times NPR The Marshall Project The Guardian National Film Board of Canada and the Verge this exciting and timely new book analyzes examples of innovative stories that leverage technology in unexpected ways to create entirely new experiences online that both engage and inform **Sound Curriculum** Walter S.

Gershon, 2017-06-26 Part of a growing group of works that addresses the burgeoning field of sound studies this book attends not only to theoretical and empirical examinations but also to methodological and philosophical considerations at the intersection of sound and education Gershon theoretically advances the rapidly expanding field of sound studies and

simultaneously deepens conceptualizations and educational understandings across the fields of curriculum studies and foundations of education A feature of this work is the novel use of audio files aligned with the arguments within the book as well as the discussion and application of cutting edge qualitative research methods *MediaWriting* W. Richard Whitaker, Ronald D. Smith, Janet E. Ramsey, 2013-03-01 *MediaWriting* is an introductory hands on textbook for students preparing to write in the current multimedia environment Rather than just talk about the differences among the styles of print broadcast and public relations *MediaWriting* synthesizes and integrates them while weaving in basic principles of Internet writing and social media reporting Complete with real world examples practical writing exercises and tips and information for entering into the profession *MediaWriting* continues to give students the tools they need to become a successful media writer The new edition has been extensively rewritten to reflect the dynamic nature of the profession paying significant attention to how the Internet and social media have become essential communication tools for print and broadcast journalists and public relations professionals Further updates and features include Increased attention to computer assisted reporting the preparation of online copy and social media applications Two new chapters on lead writing and new new media A separate chapter focused solely on ethics Explanatory how to boxes that help students understand and retain main themes Illustrative It Happened to Me vignettes from the authors professional experiences Discussion questions and exercises at the end of every chapter Suggested readings that highlight biographies books and websites that expand the scope and definition of professionalism In addition to new multimedia elements the fourth edition s companion website features enhanced resources for both students and instructors including chapter overviews writing tips a test bank sample critiques and a sample syllabus **Sound Streams** Andrew J Bottomley, 2020-06-01 In talking about contemporary media we often use a language of newness applying words like revolution and disruption Yet the emergence of new sound media technologies and content from the earliest internet radio broadcasts to the development of algorithmic music services and the origins of podcasting are not a disruption but a continuation of the century long history of radio Today s most innovative media makers are reintroducing forms of audio storytelling from radio s past *Sound Streams* is the first book to historicize radio internet convergence from the early 90s through the present demonstrating how so called new media represent an evolutionary shift that is nevertheless historically consistent with earlier modes of broadcasting Various iterations of internet radio from streaming audio to podcasting are all new radio practices rather than each being a separate new medium radio is any sound media that is purposefully crafted to be heard by an audience Rather than a particular set of technologies or textual conventions web based broadcasting combines unique practices and features and ideas from radio history In addition there exists a distinctive conversationality and reflexivity to radio talk including a propensity for personal stories and emotional disclosure that suits networked digital media culture What media convergence has done is extend and intensify radio s logics of connectivity and sharing sonically mediated personal expression intended for public consideration abounds

in online media networks Sound Streams marks a significant contribution to digital media and internet studies Its mix of cultural history industry research and genre and formal analysis especially of contemporary audio storytelling will appeal to media scholars radio and podcast practitioners audio journalism students and dedicated podcast fans **Music**
