McGown,2004-12-28 No Marketing Blurb **Press, Radio, and TV Guide** ,1978 *Broadcasting Apartheid* TAL. ZALMANOVICH,2025-11-24 In Broadcasting Apartheid Tal Zalmanovich explores how television revolutionized the political landscape in postwar Britain and played a pivotal role in the international campaign against apartheid from 1950 to 1990 Drawing on case studies and a diverse array of sources Zalmanovich argues that television s ability to transcend geographical and temporal boundaries proved instrumental in building a global coalition against apartheid in South Africa Moreover she shows how the medium became a key battleground in the broader struggle for racial equality in Britain where debates over apartheid intersected with contemporary discussions about race immigration decolonization and Cold War politics Interpreting TRIPS Hiroko Yamane,2011-03-21 Protection of intellectual property rights IPRs has become a global issue The Trade Related Aspects of Intellectual Property TRIPS Agreement outlines the minimum standards for IPR protection for WTO members and offers a global regime for IPR protection However the benefits of TRIPS are more questionable in poorer countries where national infrastructure for research and development R D and social protection are inadequate whereas the cost of innovation is high Today after more than a decade of intense debate

over global IPR protection the problems remain acute although there is also evidence of progress and cooperation This book examines various views of the role of IPRs as incentives for innovation against the backdrop of development and the transfer of technology between globalised knowledge based high technology economies The book retraces the origins content and interpretations of the TRIPS Agreement including its interpretations by WTO dispute settlement organs It also analyses sources of controversy over IPRs examining pharmaceutical industry strategies of emerging countries with different IPR policies The continuing international debate over IPRs is examined in depth as are TRIPS rules and the controversy about implementing the flexibilities of the Agreement in the light of national policy objectives The author concludes that for governments in developing countries as well as for their business and scientific communities a great deal depends on domestic policy objectives and their implementation IPR protection should be supporting domestic policies for innovation and investment This in turn requires a re casting of the debate about TRIPS to place cooperation in global and efficient R D at the heart of concerns over IPR protection *Ulrich's International Periodicals Directory* Carolyn Farquhar Ulrich,2001 *The Oxford Encyclopedia of Economic History* Joel Mokyr,2003

What were the economic roots of modern industrialism Were labor unions ever effective in raising workers living standards Did high levels of taxation in the past normally lead to economic decline These and similar questions profoundly inform a wide range of intertwined social issues whose complexity scope and depth become fully evident in the Encyclopedia Due to the interdisciplinary nature of the field the Encyclopedia is divided not only by chronological and geographic boundaries but also by related subfields such as agricultural history demographic history business history and the histories of technology migration and transportation The articles all written and signed by international contributors include scholars from Europe Latin America Africa and Asia Covering economic history in all areas of the world and segments of economies from prehistoric times to the present The Oxford Encyclopedia of Economic History is the ideal resource for students economists and general readers offering a unique glimpse into this integral part of world history **Transgressing Later Life Sexualities in British Sitcoms** Franziska Röber,2025-07-24

Based on close readings of three major sitcoms this book unpacks how sitcoms understand later life sexualities and focusses on how they represent sexually active older adults Focusing on three representative sitcoms *Waiting for God* *The Old Guys* and *Vicious* it demonstrates the ways in which sitcoms specifically enable and restrict representations of later life sexualities Tracing how transgressive portrayals of sexually active older adults are couched in comedic terms it opens up new critical perspectives on later life sexualities that will critically inform public debates and academic research in Britain and beyond

South of Pico Kellie Jones,2017-03-09 Named a Best Art Book of 2017 by the New York Times and Artforum In *South of Pico* Kellie Jones explores how the artists in Los Angeles s black communities during the 1960s and 1970s created a vibrant productive and engaged activist arts scene in the face of structural racism Emphasizing the importance of African American migration as well as L A s housing and employment politics Jones shows how the work of black Angeleno artists such as Betye

Saar Charles White Noah Purifoy and Senga Nengudi spoke to the dislocation of migration L A s urban renewal and restrictions on black mobility Jones characterizes their works as modern migration narratives that look to the past to consider real and imagined futures She also attends to these artists relationships with gallery and museum culture and the establishment of black owned arts spaces With South of Pico Jones expands the understanding of the histories of black arts and creativity in Los Angeles and beyond
