Empire and Power in the Reign of Süleyman Kaya Şahin, 2013-03-29 Kaya Şahin's book offers a revisionist reading of Ottoman history during the reign of Süleyman the Magnificent 1520-66 By examining the life and works of a bureaucrat Celalzade Mustafa Şahin argues that the empire was built as part of the Eurasian momentum of empire building and demonstrates the imperial vision of sixteenth century Ottomans This unique study shows that in contrast with many Eurocentric views the Ottomans were active players in European politics with an imperial culture in direct competition with that of the Habsburgs and the Safavids Indeed this book explains Ottoman empire building with reference to the larger Eurasian context from Tudor England to Mughal India contextualizing such issues as state formation imperial

policy and empire building in the period more generally ahin s work also devotes significant attention to the often ignored religious dimension of the Ottoman Safavid struggle showing how the rivalry redefined Sunni and Shiite Islam laying the foundations for today s religious tensions

Fortune and Fatality Desmond Hosford,Charles Wrightington,2009-10-02 As an aesthetic notion and dramatic genre tragedy has enjoyed a privileged place in French culture particularly during the early modern period when debates over its nature and philosophy reflected fascination with a style whose fundamental principles were drawn from ancient Greek sources Through the works of Pierre Corneille and Jean Racine routinely cited for an alleged regularity of form and content exemplifying the academic notion of French Classicism tragedy has grounded the French literary canon Because of its place at the heart of canonical French literary studies tragedy s traditionally prescribed boundaries and interpretations have rarely been questioned Fortune and Fatality Performing the Tragic in Early Modern France challenges conventional notions of the nature and function of tragedy and the ends to which philosophical theatrical and performative aspects of the tragic were appropriated during the sixteenth and seventeenth centuries The scope of material explored in this volume will be of interest not only to scholars and students of sixteenth and seventeenth century literature but to those working in areas such as theater gender studies aesthetics history religion philosophy classics and cultural studies

Non-Sunni Muslims in the Late Ottoman Empire Necati Alkan, 2022-02-24 The Alawis or Alawites are a minority Muslim sect predominantly based in Syria Turkey and Lebanon Over the course of the 19th century they came increasingly under the attention of the ruling Ottoman authorities in their attempts to modernize the Empire as well as Western Protestant missionaries Using Ottoman state

archives and contemporary chronicles this book explores the Ottoman government's attitudes and policies towards the Alawis revealing how successive regimes sought to bring them into the Sunni mainstream fold for a combination of political imperial and religious reasons In the context of increasing Western interference in the empire's domains Alkan reveals the origins of Ottoman attempts to civilize the Alawis from the Tanzimat period to the Young Turk Revolution He compares Ottoman attitudes to Alawis against its treatment of other minorities including Bektashis Alevis Yezidis and Iraqi Shi'a An important new contribution to the literature on the history of the Alawis and Ottoman policy towards minorities this book will be essential reading for scholars of the late Ottoman Empire and minorities of the Middle East **The Great Siege of Malta** Bruce Ware Allen, 2017-06-06 The definitive battle in the clash of empires that has defined Europe for 500 years **The Early Modern Ottomans** Virginia H. Aksan, Daniel Goffman, 2007-07-26 Publisher description **Cemberlitas Hamam in Istanbul** Nina Macaraig, 2018-11-14 Bathhouses hamams play a prominent role in Turkish culture because of their architectural value and social function as places of hygiene relaxation and interaction Continuously shaped by social and historical change the life story of Mimar Sinan's Cemberlitas Hamam in Istanbul provides an important example established in 1583 it was modernized during the Turkish Republic since 1923 and is now a tourist attraction As a social space shared by tourists and Turks it is a critical site through which to investigate how global tourism affects local traditions and how places provide a nucleus of cultural belonging in a globalized world This original study taking a biographical approach to tell the story of a Turkish bathhouse contributes to the fields of Islamic Ottoman and modern Turkish cultural architectural social and economic history **Silent Teachers** Nil Ö. Palabıyık, 2023-03-17 Silent Teachers considers for the first time the influence of Ottoman scholarly practices and reference tools on oriental learning in early modern Europe Telling the story of oriental studies through the annotations study notes and correspondence of European scholars it demonstrates the central but often overlooked role that Turkish language manuscripts played in the achievements of early orientalists Dispersing the myths and misunderstandings found in previous scholarship this book offers a fresh history of Turkish studies in Europe and new insights into how Renaissance intellectuals studied Arabic and Persian through contemporaneous Turkish sources This story hardly has any dull moments the reader will encounter many larger than life figures including an armchair expert who turned his alleged captivity under the Ottomans into bestselling books a drunken dragoman who preferred enjoying the fruits of the vine to his duties at the Sublime Porte and a curmudgeonly German physician whose pugnacious pamphlets led to the erasure of his name from history Taking its title from the celebrated humanist Joseph Scaliger's comment that books from the Muslim world are silent teachers and need to be explained orally to be understood this study gives voice to the many and varied Turkish language books that circulated in early modern Europe and proposes a paradigm shift in our understanding of early modern erudite culture **International Bibliography of Historical Sciences**, 1992 Verzeichnis der exzerpierten Zeitschriften 1926 p XXXI XVII **A Tale of Two Factions** Jane Hathaway, 2012-02-01 Winner of the 2003 Ohio Academy of

History Outstanding Publication Award This revisionist study reevaluates the origins and foundation myths of the Faqaris and Qasimis two rival factions that divided Egyptian society during the seventeenth and eighteenth centuries when Egypt was the largest province in the Ottoman Empire In answer to the enduring mystery surrounding the factions origins Jane Hathaway places their emergence within the generalized crisis that the Ottoman Empire like much of the rest of the world suffered during the early modern period while uncovering a symbiosis between Ottoman Egypt and Yemen that was critical to their formation In addition she scrutinizes the factions foundation myths deconstructing their tropes and symbols to reveal their connections to much older popular narratives Drawing on parallels from a wide array of cultures she demonstrates with striking originality how rituals such as storytelling and public processions as well as identifying colors and emblems could serve to reinforce factional identity Soliman le Magnifique et son temps Gilles Veinstein,1992
