Mainstreaming Torture Rebecca Gordon, 2014-04-08 The terrorist attacks of September 11 2001 reopened what many people in America had long assumed was a settled ethical question Is torture ever morally permissible Within days some began to suggest that in these new circumstances the new answer was yes Rebecca Gordon argues that September 11 did not as some have said change everything and that institutionalized state torture remains as wrong today as it was on the day before those terrible attacks Furthermore U S practices during the war on terror are rooted in a history that began long before September 11 a history that includes both support for torture regimes abroad and the use of torture in American jails and prisons Gordon argues that the most common ethical approaches to torture utilitarianism and deontology ethics based on adherence to duty do not provide sufficient theoretical purchase on the problem Both approaches treat torture as a series of isolated actions that arise in moments of extremity rather than as an ongoing historically and socially embedded practice She advocates instead a virtue ethics approach based in part on the work of Alasdair MacIntyre Such an approach better illumines torture's ethical dimensions taking into account the implications of torture for human virtue and flourishing An examination of torture's effect on the four cardinal virtues courage temperance justice and

prudence or practical reason suggests specific ways in which each of these are deformed in a society that countenances torture Mainstreaming Torture concludes with the observation that if the United States is to come to terms with its involvement in institutionalized state torture there must be a full and official accounting of what has been done and those responsible at the highest levels must be held accountable Children in Prison Jerome Gold, 2019-05-30 Almost 330 000 children in America are in prison in a detention center on probation or parole or otherwise under the control of the criminal justice system In a time of nascent prison reform these children are often left out of the conversation This book chronicles the experiences of six young people in Ash Meadow in Washington State Written from the perspective of a prison rehabilitation counselor this book provides a firsthand account of these children s lives during and after their stay These accounts show how domestic violence inequality and poor adult modeling influence the decisions that children make later in life *Year's Best Fantasy 9* Kage Baker, Peter S. The China Collectors Karl E. Meyer,Shareen Blair Brysac,2025-06-25 Thanks to Salem sea captains Gilded Age millionaires curators on horseback and missionaries gone native North American museums now possess the greatest collections of Chinese art outside of East Asia itself How did it happen The China Collectors is the first full account of a century long treasure hunt in China from the Opium Wars and the Boxer Rebellion to Mao Zedong s 1949 ascent The principal gatherers are mostly little known and defy invention They included foreign devils who braved desert sandstorms bandits and local warlords in acquiring significant works Adventurous curators like Langdon Warner a forebear of Indiana Jones argued that the caves of Dunhuang were already threatened by vandals thereby justifying the removal of frescoes and

sculptures Other Americans include George Kates an alumnus of Harvard Oxford and Hollywood who fell in love with Ming furniture The Chinese were divided between dealers who profited from the artworks removal and scholars who sought to protect their country's patrimony Duanfang the greatest Chinese collector of his era was beheaded in a coup and his splendid bronzes now adorn major museums Others in this rich tapestry include Charles Lang Freer an enlightened Detroit entrepreneur two generations of Rockefellers and Avery Brundage the imperious Olympian and Arthur Sackler the grand acquirer No less important are two museum directors Cleveland's Sherman Lee and Kansas City's Laurence Sickman who challenged the East Coast's hegemony Shareen Blair Brysac and Karl E Meyer even handedly consider whether ancient treasures were looted or salvaged and whether it was morally acceptable to spirit hitherto inaccessible objects westward where they could be studied and preserved by trained museum personnel And how should the US and Canada and their museums respond now that China has the means and will to reclaim its missing patrimony
