Savage Danielle Brannock and Alicja Foksinska presents a modern professional perspective that develops the necessary skills
students need to be the accountants of the future Through high quality assessment and integrated homework students learn
course concepts more efficiently and understand how course concepts are applied in the workplace through real world
application Accounting Information Systems also focuses on helping students learn how to make informed business decisions
through case based learning and data analysis applications Students work through Julia s Cookies a flexible running case that
helps them understand how various systems come together to support a business and how those systems evolve Students
also develop a critical thinking mindset by working through integrated analysis questions that take a tool agnostic approach
as well as Tableau cases so students can practice making real business decisions using leading technology To further help
prepare students to be the accountants of the future the authors incorporate their own industry experience and help
showcase how AIS concepts are used through resources including Sample LinkedIn Job Posts and the Featured Professionals
video series These tools spotlight real accounting professionals and job opportunities while connecting to chapter material
allowing student to see how what they re learning applies to business as well as visualize the different paths AIS can take
