introductory text and as a reference for addressing specific issues that may arise in the process of consolidating group accounts. The new international standards will bring about significant changes in group reporting and it is essential for accountants, auditors and business leaders to understand their implications. Author Andreas Krimpmann is an internationally recognized authority on the transition from GAAP to IFRS and this new text comes packaged with GAAP IFRS comparison resources that will help make the changes clear. Other bonus resources include an Excel based consolidation tool, checklists and a companion website with the latest information. Learn about Definitions, requirements, processes and transition techniques for IFRS 10, 11 and 12 covering group level accounting. Practical implementation strategies demonstrated through a clear case study of a midsize group. Key concepts related to consolidated financial statements, joint ventures, management consolidation and disclosure of interests. Comparisons between GAAP and IFRS to clarify the required changes for international firms. Whatever stage of the consolidation process you are in, you will appreciate the professional perspective in *Principles of Group Accounting under IFRS – Accounting under Ind AS: An Illustrative Manual*, 3e. Santosh Maller, 2021-09-20. About the Book: Ind AS transition has resulted in high quality principles based globally comparable financial reporting of large Indian companies. The transition not only impacted the financial results of companies but also caused far reaching consequential business impact. Since last two years there have been several changes in Ind AS for example amendments in the revenue recognition standard and new leases standard has drastically changed the performance reporting in the balance sheet composition of companies. Further, certain Ind AS principles are implicitly complex for example the accounting for financial instruments, acquisitions and business combinations are quite nuanced and can get difficult to apply without proper understanding. Towards this end, this book attempts to provide insights and in depth analysis on interpretative issues and complex principles in the Ind AS standards. Ind AS contains extensive presentation and disclosure requirements. The relevant chapters extensively deal with these requirements with illustrative examples. To simplify the reading experience, the chapters include a brief, easy to understand summary of the relevant standard followed by Frequently Asked Questions (FAQs). On the chapter Coronavirus COVID 19 has also resulted in widespread economic uncertainty and disruption of businesses. There have been far reaching implications on financial reporting. These circumstances would potentially present entities with several challenges when preparing their financial statements. The book covers some of the key financial reporting implications by way of FAQs in related chapters that companies need to consider along with the possible approaches that they may consider to dealing with the same, keeping in view the business objectives, financial covenants and the accounting standards. This book is intended to help the companies to identify Ind AS requirements that are relevant to them and evaluate various accounting policy choices available under Ind AS. The disclosure related issues would be useful to benchmark with the Ind AS IFRS disclosures of major companies. Currently there is limited literature of the Ind AS application issues. This book endeavors to provide guidance on these issues. **Cooperation and Sustainable**
