Private Military and Security Contractors Gary Schaub, Jr., Ryan Kelty, 2016-06-16 In Private Military and Security Contractors, PMSCs, a multinational team of scholars and experts address a developing phenomenon: controlling the use of privatized force by states in international politics. Robust analyses of the evolving multi-layered tapestry of formal and informal mechanisms of control address the microfoundations of the market, such as the social and role identities of contract employees, their acceptance by military personnel, and potential tensions between them. The extent and willingness of key states—South Africa, the United States, Canada, the United Kingdom, and Israel—to monitor and enforce discipline to structure their contractual relations with PMSCs on land and at sea is examined, as is the ability of the industry to regulate itself. Also discussed is the nascent international legal regime to reinforce state and industry efforts to encourage effective practices, punish inappropriate behavior, and shape the market to minimize the hazards of loosening states' oligopolistic control over the means of legitimate organized violence. The volume presents a theoretically informed synthesis of micro and macro levels of analysis, offering new insights into the challenges of controlling the agents of organized violence used by states for scholars and practitioners alike.

Contemporary Issues in South African Military Psychology Nicole Dodd, Petrus C. Bester, Justin van der Merwe, 2020-05-13 Contemporary Issues in South African Military Psychology is a well-timed, extremely thought-provoking, imperative particular to the African context, and deals with a highly contemporary issue within the people management and the management studies fields, specifically in the military field and context. This is specifically of importance as military psychology is a behavioural science that combines theory and practical application. Prof Karel Stanz, University of Pretoria.

South Africa's Post-Apartheid Military Lindy Heineken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security, political, and social environment since 1994. In South Africa's changed political state, how has civilian control of the military been implemented, and what does this mean for defence in a democracy? This book presents an overview of the security environment, how the mission focus of the military has changed, and the implications for force procurement, force preparation, force employment, and force sustainability. The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force, the effect of affirmative action on meritocracy, recruitment and retention, military veterans looking at the difficulties they face in reintegrating back into society, and finding gainful employment, gender equality, and mainstreaming the rise of military unions, and why a confrontational instead of a more

corporatist approach to labour relations has emerged HIV AIDS and the consequences this holds for the military in terms of its operational effectiveness In closing the author highlights key events that have caused the SANDF to become lost in transition and transformation spelling out some lessons learned The conclusions she draws are pertinent for the future of defence security and civil military relations of countries around the world

On Literary Attachment in South Africa
Michael Chapman, 2021-09-01 This book reflects on the literary in literature Less ideologically construed more affirmative of literary attachment the study adopts a style of intimacy its tough love in a correlation between the creative work and the critical act Instead of configuring literary works to state of the nation issues the usual approach to literature from South Africa the chapters keep alive a space for conversation whether accented inwards to locality or outwards to the Anglophone world the world to which literature in South Africa continues to belong albeit as a problem child A postcolony that is not quite a postcolony South Africa is richly but frustratingly textured between Africa and the West or the South and the North Its literature hovering on the cusp of its locality and its global reach raises peculiar questions of reader reception epistemological and aesthetic frame and archival use Are the Nobel laureates Nadine Gordimer and J M Coetzee local writers or global writers Is the novel or the short story the more appropriate form at the edges of metropolitan cultures Given language race and culture contestation how do we recover Bushman expression for contemporary use How to consider the aesthetic appeal of two contemporaneous works one in English the other in isiXhosa the one indebted to Bloomsbury modernism the other to African custom How does Douglas Livingstone attach the Third World to the First World in both science and poetry What has a born free novelist Kopano Matlwa got to do with the Bard of Avon In a time of theorisation is it permissible for Lewis Nkosi to embody literary criticism in an autobiographical journey How to read the rupturing event the statue of Rhodes must fall through a literary sensibility Alert to the influence of critique the study is equally alert to the limits of critique Reflecting on several writers works and events that do not feature in current publications On Literary Attachment in South Africa releases literature to speak to us today within the contours of its originating energy

General Jan Smuts and his First World War in Africa, 1914-1917 David Brock Katz, 2022-05-19 A new assessment of Jan Smuts s military leadership through examination of his World War I campaigning demonstrating that he was a gifted general conversant with the craft of maneuver warfare and a command style steeped in the experiences of his time as a Boer general World War I ushered in a renewed scramble for Africa At its helm Jan Smuts grabbed the opportunity to realize his ambition of a Greater South Africa He set his sights upon the vast German colonies of South West Africa and East Africa the demise of which would end the Kaiser s grandiose schemes for Mittelafrica As part of his strategy to shift South Africa s borders inexorably northward Smuts even cast an eye toward Portuguese and Belgian African possessions Smuts his abilities as a general much denigrated by both his contemporary and then later modern historians was no armchair soldier This cabinet minister and statesman donned a uniform and led his men into battle He learned his soldiery craft under General Koos De la Rey s tutelage and another soldier statesman General Louis Botha during the South African War 1899 1902 He emerged from that war immersed in the Boer maneuver doctrine he devastatingly waged in the guerrilla phase of that conflict His daring and epic invasion of the Cape at the head of his commando remains legendary The first phase of the German South West African campaign and the Afrikaner Rebellion in 1914 placed his abilities as a sound strategic thinker and a bold operational planner on display Champing at the bit he finally had the opportunity to command the Southern Forces in the second phase of the German South West African campaign Placed in command of the Allied forces in East Africa in 1916 he led a mixed bag of South Africans and Imperial troops against the legendary Paul von Lettow Vorbeck and his Schutztruppe Using his penchant for Boer maneuver warfare together with mounted infantry led and manned by Boer Republican veterans he proceeded to free the vast German territory from Lettow Vorbeck s grip Often leading from the front his operational concepts were an enigma to the British under his command remaining so to modern day historians Although unable to bring the elusive and wily Lettow Vorbeck to a final decisive battle Smuts conquered most of the territory by the end of his tenure in February 1917 General Jan Smuts and His First World War in Africa makes use of multiple archival sources and the official accounts of all the participants to provide a long overdue reassessment of Smuts s generalship and his role in furthering the strategic aims of South Africa and the British Empire in Africa during World War I *General Jan Smuts And his First World War in Africa (1914-19-17)* David Brock Katz, 2022-08-24 An engaging well written and meticulously researched military biography Tim Stapleton Professor Department of History University of Calgary Jan Smuts grabbed the opportunity to realise his ambition of a Greater South Africa when the First World War ushered in a final scramble for Africa He set his sights firmly northward upon the German colonies of South West Africa and East Africa Smuts

s abilities as a general have been much denigrated by his contemporaries and later historians but he was no armchair soldier. He first learned his soldier's craft under General Koos de la Rey and General Louis Botha during the South African War 1899-1902. He emerged from that conflict immersed in Boer manoeuvre doctrine. After forming the Union Defence Force in 1912, Smuts played an integral part in the German South West African campaign in 1915. Placed in command of the Allied forces in East Africa in 1916, he led a mixed bag of South Africans and imperial troops against the legendary Paul von Lettow Vorbeck and his Schutztruppen. His penchant for manoeuvre warfare and mounted infantry freed most of the vast German territory from Lettow Vorbeck's grip. General Jan Smuts and his First World War in Africa provides a long overdue reassessment of Smuts's generalship and his role in furthering the strategic aims of South Africa and the British Empire during this era.

Military Veteran Employment Nathan D. Ainspan, Kristin N. Saboe, 2021. Setting the historical context for this book, this chapter describes the recent history of civilian veteran employment, relaying how the high military veteran unemployment rate in 2010 generated concern and reactions from the government and the public and the private sectors. It then provides examples of how government and companies worked together to improve the employment situation of military veterans through legislation, corporate hiring programs and corporate partnerships but faced limited success because too few companies were involved. The current situation of veteran employment and retention is outlined with examples provided of why military veterans may choose to leave civilian employment and suggestions offered to address the issues veteran employees may have in their jobs so that employers can do a better job of retaining them in their workforces. *Expanding US Military Command in Africa* Tshepo Gwatiwa, Justin van der Merwe, 2020-12-23. This book discusses the systematic expansion of the United States Africa Command (AFRICOM) across the continent of Africa. This book posits that AFRICOM expansion in Africa is part of a broader system of accumulation based on a government-business-media (GBM) complex. Applying the concept at both structural and descriptive levels, the GBM complex is a function of the synergy between the state's quest for power, businesses' need for expansion and the informational and hegemonic functions of media actors. The United States GBM complex in Africa is supported and in some locations spearheaded by its military, with dispossessing effects on local actors. Drawing from African case studies, analytical accounts and empirical case studies, this book explores AFRICOM's role within this broader strategy. The volume maps both the methods and the scope of this expansion as well as local resistance to this process and comprises perspectives from the five regions of Africa, key sub-regional organizations and voices from Africa's regional hegemons. This book will be of much interest to students of security studies, strategic studies, African politics and International Relations. **African Standby Force** Francois VreA, 2017-10-28. Standby forces of the African Union are expected to deploy rapidly into high intensity conflict zones. Inherently they stem from and are expected to work effectively with regional militaries of differing capabilities.
