There are four holes on each base foot that the anchor can go into.

- A.** Select a hole in each base foot. Insert each anchor (10431) into the ground until the round head is touching the base foot. These anchors prevent the canopy from shifting. Insert one anchor into all four base feet.

This is a temporary spike anchor. Not intended for permanent use.

- B.** To securely anchor canopy, Accessory Anchoring Kit #10073 is recommended. The 4-anchor pins are inserted into the ground. Then the ropes are tied from the anchors to the corner tees as shown in **B**.
